

HEALTHIER PLANS INSPECTION

Dr. Sutter to View Places Which Handle Food

TOUR IS HELD EACH YEAR

Satisfactory Establishments to Get Certificate of Approval

Annual sanitary inspection of the Allen-co health district will be started the first of next week, Dr. J. J. Sutter, health commissioner announced Friday.

The general inspection, which will include all territory outside the city of Lima, will be made by the health commissioner, Mrs. Anna Mae Fechter, county health nurse, and county sanitary inspectors as they may be needed.

Public water supplies will be investigated as to purity of source and proper disposal of sewage through the county will be surveyed as to sanitary conditions.

In addition to the inspection of water supplies and garbage disposal, all places where food is manufactured, handled, stored or offered for sale will be thoroughly inspected and certificates of approval granted where sanitary conditions prevail.

CARE IS DEMANDED
"Places where food is stored, sold, handled or manufactured, must be absolutely sanitary," Dr. Sutter declared. "Sanitation means freedom from dust, dirt and flies. The buildings must be properly lighted, ventilated and equipped with a self-closing screen door. Window screens must not be coarser than 14 mesh wire gauge."

The county health district includes seven villages and approximately a dozen hamlets and unincorporated communities and the inspection will require considerable time, Dr. Sutter said.

The annual sanitary surveys are not mandatory with health commissioners, he stated, but such inspections have been conducted in Allen-co for the past two years. Other inspections are made as called for, the purpose of the annual inspection being to insure sanitation of all county food sources. Re-inspection will be made, following any complaints that inspected firms are not living up to sanitary requirements. Included in the list of businesses to be inspected are groceries, restaurants, hotels, packing houses, dairies, drug stores and confectionaries.

AUTO CLUB BRANCH NOW ESTABLISHED AT ST. MARYS

St. Marys now has a branch organization of the Lima Automobile club. Attracted by the service advantages of the local club, about a dozen motorists of St. Marys petitioned for admission.

Service station for that city has been established in the H. C. Smith garage. Applications for membership in the Lima Automobile club are being received so rapidly, that James I. Heffner, manager, predicts an eventual enrollment of more than 5,000. More than 14,000 license plates have been issued by the club since January.

MOTORISTS PLANNING TO LEAVE FOR COOL PLACES

Hot weather has brought forth scores of requests for touring information, James I. Heffner, manager of the Lima Automobile club says.

Some motorists want to learn about roads and conditions in Canada, others apparently are planning trips to Michigan, Wisconsin, and Atlantic seaboard places. The mountains of the west are also attractive to a number.

SPIRITUALISTS END MEET

COLUMBUS—Addresses by Rev. R. P. Crear, Rev. Viola Hamer and Rev. Estelle Fiebig will be delivered here tonight before the state convention of Spiritualists. Messages will be given by Rev. Viola Miller and Rev. Bertha Crear, following a symposium of the future outlook of the organization.

A REAL BEAR HUG

Jack, the dog, and Pudge, the bear cub, love each other. And they can't help showing their devotion in this embrace at the Los Angeles zoo. It's a bear of a hug, all right.

FATALITY CAUSE IS DISCLOSED

Investigation Shows Trainmen Were Struck by Board

A floor board, projecting from the side of one of the freight cars on an extra eastbound freight train, is held responsible by investigators for the death of Jasper N. Jones, 48, of Yoder, and the painful injury of M. O. Burt, 20, of 704 S. Broadway, Thursday.

The investigations of County Coroner Frank Smith and that of the L. E. & W. Railroad led to the conclusion that the floor board struck the two men who were standing beside their own train, ready to start on a run. Jones was a conductor and Burt engineer.

When the train was stopped, the board was found projecting from the side of one of the rear cars.

Jones and Burt were standing between the tracks. The floor board, it is said, struck the two men. Jones' ribs were broken and his lungs crushed. He was taken to City Hospital but died before arriving there.

W. M. Rotoff, head clerk of the L. E. & W., said Friday that although the railroad's investigation had not been entirely completed, it was apparent that the floorboard was responsible.

Funeral services for Jones were set for Friday, 2:30 p. m., at the Olivet Presbyterian church, in charge of Rev. Orlis Harter. Burial in Woodlawn cemetery.

WAPAKONETA YOUTH DIES FOLLOWING AN OPERATION

Funeral services for Albert Boltz, 14, son of Mr. and Mrs. Bert Boltz, of Wapakoneta, who died Thursday at the City hospital following an operation he underwent for relief from tuberculosis of the bone, which had affected his left leg, will be held Saturday at 2 p. m. at the residence of his parents. Interment in Greenlawn cemetery.

He had been ill for three months suffering from an injury to his leg received when a horse fell on him. Surviving, besides the parents, are four sisters and three brothers.

CAR STOLEN

John Murphy, fireman at the Ohio Steel Foundry, living on rural route No. 6, left his Ford car parked at the steel plant Friday morning. A little later he wanted to go on an errand, and the car was gone. He reported his loss to the Lima Automobile club.

FALSE ALARM

Fire departments were called to the rear of the Congress cafe early Friday morning, but no blaze could be found.

ACTIVITIES OF THE Y. W. C. A.

Twenty Lima girls have signed for the Y. W. C. A. camp to be held at Orchard Island the latter part of August. This is one of the big activities for the year and is well attended by the girls.

Miss Lyde Trubey, secretary of the industrial committee of the Y. W. C. A., was honored at a party at the home of Mrs. A. E. Pierce, Thursday evening. A special committee meeting was also held at that time.

FORMER RESIDENT SHOOTS SELF

Father, Mother and One Brother Reside in Lima

William Putt, 23, 254 Detroit-st., Kenton, formerly of Lima, commit 2:30 p. m. in. His health is given as 2:30 p. m. His health is given as the reason for his act.

Putt shot himself with a 32 caliber revolver and lived five hours after the shot. He was fired in the basement of his home.

Relatives of the deceased are residents of Lima. They are his mother and father, Mr. and Mrs. E. L. Putt, of 227 N. Union-st.; two brothers, C. A. Putt, 538 E. Elm-st. and Rufus Putt, Detroit, Mich.; two sisters, Mrs. W. F. Hossich and Mrs. C. A. Hossich, of Toledo.

Putt was married and had a two year old daughter, Betty Jane. He was an agent of the Western and Southern Life Insurance Co. Funeral arrangements will not be made until the arrival of his sisters from Toledo and brother of Detroit.

STAND OF CHIROS IS LAUDED

Imprisoned Practitioners Praised in Fight for Principle

Glenn V. John and Glen L. Potter, chiropractors, were lauded for their fortitude in going to jail, at a meeting of the Lima District Chiropractic society, held in the offices of H. W. Meier, Thursday night.

Resolution adopted by the body commends the two for going to prison, rather than surrender. It reads: "Resolved that we commend the stand taken by Glen V. John and Glen L. Potter in going to jail the second time for the principles we are contending for in our efforts to gain our freedom from control by the state medical board."

The two practitioners are to complete their terms soon and return to the outside world. Walls of the jail are several feet thick and little heat penetrates the interior, the prisoners declare.

A photograph, brought from John's home by permission of Sheriff Crosson, grinds out ragtime melody and classic selections, aiding to while away the day.

THREE BUILDING PERMITS
Building permits issued Friday were as follows: To Smith & Sherrick, build residence on Harrison-st. to cost \$4,500; Clarence Zurmehley, 1330 W. High-st, residence, \$3,500; Halle Courner, 31 E. McKibben-st, garage at 127-129 E. McKibben-st.

POVERTY Forces War Hero's Widow To Sell His Many Medals

(By MILTON BRONNER)
LONDON —(Special)— Honored and idolized during his life; now almost completely forgotten in his death, General Sir John S. Cowans, national hero, is the central figure of another grim tragedy, of the war's aftermath.

It's the tragedy of a nation's ingratitude; and its victim is the general's widow, Lady Cowans, who has been forced thru dire poverty to take the medals and awards which her husband won and put them up for sale.

Forty years ago John Cowans first joined the British army and when the World War broke out he was made quartermaster general of all the British forces.

When the war was over the general became ill. He had to go into debt to pay his doctor's bills, for the war had played havoc with his \$40,000 estate.

A ray of hope came when awards for heroism were being handed out. Cowans was in line for something. But while others were made nobles and given huge money grants, Cowans was knighted.

He died a few months ago. There was a large military funeral, kind words and then complete forgetfulness.

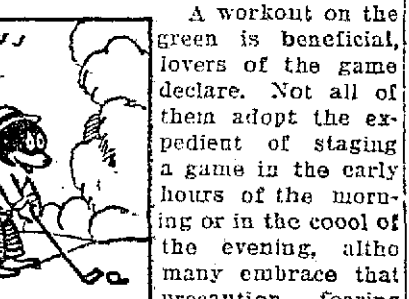

The widow struggled along for a while. But her circumstances became worse. She had little left other than the medals which her husband had won. So she put them up for sale for the money they might bring.

The premier offered Lady Cowans an extra pension from the civil lists, amounting to \$500 a year, to be paid quarterly. She immediately refused.

A number of influential men, deeming the nation ungrateful, are trying to make amends. But Lady Cowans says it is too late.

NO PROMISE OF RELIEF IN SIGHT

Despite the extreme heat of the day, the gold links provide an enticing place of recreation for large number of devotees of the outdoor pastime.

A workout on the green is beneficial, lovers of the game declare. Not all of them adopt the expedient of staging a game in the early hours of the morning or in the cool of the evening, altho many embrace that precaution, fearing possibility of being overcome by the heat.

The current weather forecast holds forth no hope for relief from the torrid wave. Generally fair and continued warm tonight and Saturday is the outlook, as the prognosticator has it framed up.

Sweltering humanity can do nothing to change it, more's the pity and must perforce adopt the means at hand to bring a measure of comfort—ice, fans, shady spots and the cutting out of worry.

However, there is a measure of satisfaction in the knowledge that as seasons go the heated term cannot continue a great length of time and relief will be upon us almost before we realize it. The longest day of the year has passed and we are now on the down grade toward autumn and winter.

HOTEL GUEST ROBBED

Police are seeking clues to the identity of the person who entered the room occupied by S. J. Stenger, Bellview, Ky., as he slept at the Norval Hotel, and stole \$53 to \$60 and a bill fold from his pocket.

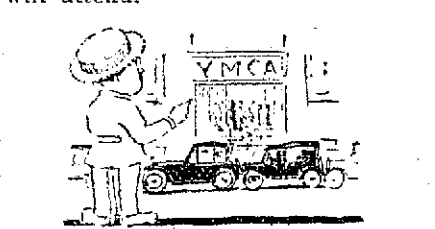

LADY COWANS WHO HAS BEEN FORCED BY POVERTY TO PUT UP THE MEDALS AND AWARDS (BELOW) WHICH HER HUSBAND, GENERAL SIR JOHN S. COWANS, WON DURING HIS LIFETIME.

MOTOR TRANSPORT FOR PICNICKERS

Thousand Expected to Attend "Y" Event at McBeth Park

Plans of an extraordinary character have been completed for the transportation of Y. M. C. A. picnickers to McBeth park on June 28, the date of the monster picnic now being arranged.

A special transportation committee headed by James Heffner, manager for the Lima Automobile club, is arranging to have a sufficient number of automobiles at the Y. M. C. A. building to carry those who will attend.

Autos will leave the "Y" building at 2:30 and 3 p. m. Those intending to go at a later hour will use their own machines or Western Ohio Railway cars. These cars stop at the park entrance.

Sport events are scheduled to start promptly at 3 p. m. All who can possibly do so are requested to be at the "Y" at 2:30 p. m. Jim Heffner will be the busiest man in the bunch on picnic day, getting autos in line for transportation purposes. It is expected that more than one thousand men and boys will take part in the event.

LAWN FETE AND FESTIVAL

Arrangements have been made by St. Gerard's Dramatic society to hold a lawn fete and festival on the church grounds Thursday evening of the next week. Refreshments will be served and an entertainment given.

Is the world morally upset?

Do morals in small towns and big cities differ? Can there be one standard of morality for all? What makes women fall in love with other women's husbands? A great subject turned inside out by 3 authors. Read "The White Flag", by Gene Stratton-Porter, "The Coast of Folly", by Coningsby Dawson, and "Crying for the Moon". July
GOOD HOUSEKEEPING
out today

The Present and The Future

YOUR MONEY SHOULD BE SO PLACED THAT IT WILL BE SAFE BOTH TODAY AND TOMORROW.

In the present period of unusual business activity and high prices in all lines, it is more necessary than ever to be careful in investing money. Five per cent interest is a liberal return where safety is absolute. Among the financial institutions of Lima we are known as conducting a conservative business and paying five per cent on deposits. We place the additional profits into a adequate reserve, now more than \$92,000.00, as a further protection for our depositors.

We propose to continue these policies and upon the basis of safety we seek your account.

STRENGTH OF RED ARMY KNOWN

More than Half Million Soldiers Now Enrolled

AIR SERVICE ORGANIZED

Planes Are Being Manufactured In Five Russian Plants

LONDON — (Associated Press) — Much of the mystery and speculation which have existed concerning the strength of the Soviet Red Army is said to have been cleared up by a military correspondent of the London Daily Mail who has just returned from Moscow. He says that at the beginning of 1923 the strength of the army had fallen from 550,000 to 500,000.

At the present time there are 60,000 in the cavalry, 70,000 in the technical units, and 30,000 in the navy. The Cheka's frontier units contain 50,000 men, and its internal units 60,000.

The army has 2,000,000 rifles, 14,500 machine guns, 5,700 light machine guns, 2,000 cannon, more than 3,000,000 shells, and 1,000,000,000 munitions. The war establishment of a division consists of 15,000 men and 5,000 horses comprising three infantry regiments, three squadrons of cavalry, three batteries of field artillery, three mortar batteries, and the usual contingents of sappers, engineers, munitions columns, etc.

AVIATION AIDED

There are 22 airplane factories,

but only five of them are working. The aviation department, which is in the hands of a committee of three with Trotsky at the head, expects to have 10,000 airplanes in 1924 with corresponding personnel. The correspondent adds that the Bolsheviks also have received many shipments of airplanes from Italy, England and Germany. Realizing the necessity of producing officers from the working classes, the Bolsheviks have established many military schools. They are more numerous and better equipped, the Daily Mail's expert says, than similar schools in the United States and England. The schools embrace special classes in general staff work, engineering, infantry, cavalry and signals.

S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexions do not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. S.S. S. routes out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. S.S.S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pep."

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

FARM ISOLATION SOON TO END

Radio Sets Can Be Hooked To
Small Electric Plants

CLEVELAND HOUSE LEADS

Handles 27.7 Percent of Stock
Shipped By Farmers

Allen-co farmers will soon be sitting in on nightly radio programs. H. J. Ridge, county agent, predicted Friday. Instructions for hitching farm lighting plants to the regular radio "A" battery were received Friday and are available to all farmers who care to get in on the aerial gossip-fest.

With the 400 rural lighting plants in the county equipped with receiving sets, very little that passes thru the air will be missed by Allen-co farmers, Ridge believes, and the so-called isolation of the rural community will be at an end. Receiving range of the sets attached to the lighting plants can be extended by the installation of additional equipment at comparatively small expense, it is stated.

Latest market report and the final operative achievement will be at the disposal of the Allen-co farmer who cares to take advantage of the opportunities of his home lighting equipment.

Reports received by C. F. Mertz, of the live stock shipping association from the Cleveland Producers' commission house indicate that the firm lead all Cleveland commission houses for the past week. The firm handled 88 decks of stock during the week. The nearest competitor handled but 66. The Producers' firm received 27.7 per cent of the total consignments.

Success of the Cleveland firm is indicative of that of all producers' commission houses, Mertz declared. The Cleveland house was established in May, and within a month has taken the lead in livestock consignments.

The Buffalo producers' commis-

sion firm handled during the month of May 18.18 per cent of all receipts, Mertz stated.

Members of the Van Wert Guernsey Breeder's association will hold a field day July 24, at the farm of Samuel Hertel and son. A committee has been appointed to select animals for the sale, and breeders who desire to make consignments will notify these men.

The committee consists of Sylvester Etzkorn, Samuel Hertel, C. B. Waltz, Otto Gehrig, and H. A. Baxter. Consignments are to be confined to females six months of age or over. They must be from accredited herds and have passed a test within 60 days of sale.

The committee on consignments can be reached by Allen-co farmers thru the Van Wert county Farm Bureau at Van Wert.

HE'S STARTING EARLY.

GRIMSBY, Eng.—A boy of 13 was found to be the heaviest stockholder of a club authorities here closed recently on the ground that liquor had been sold during prohibited hours.

COMPENSATION FOR CARE OF VETERAN REQUESTED

Hearing of testimony in an action for money brought in probate court by Margaret E. Craun, executrix for the estate of the late Leander Shockey, Civil war veteran, was resumed before Judge J. H. Hamilton, Friday.

Mrs. Craun, is seeking to collect \$4,880 compensation for the care of Shockey during his declining years. Wounds suffered in battle during the stirring days of '61 to '65, rendered Shockey virtually helpless in old age.

He died in March 1922, leaving his property to Mrs. Emma Rode, 860 W. Elm-st. She is resisting the claim of the executrix. Partial testimony was heard in the case on May 2, when a postponement was taken on account of absence of witnesses.

Steel Cut Oats, \$3.75 per bag at City Feed Store.

PREMIER FORGOT CASH.

LONDON.—Premier Stanley Baldwin and Home Secretary Bridgeman called a taxi to go to a meeting at Hotel Cecil. Bridgeman was the first to get out. The premier stayed to pay the fare. But the home secretary had to go to his rescue. The premier didn't have enough change with him.

BOY MUSICAL PRODIGY.

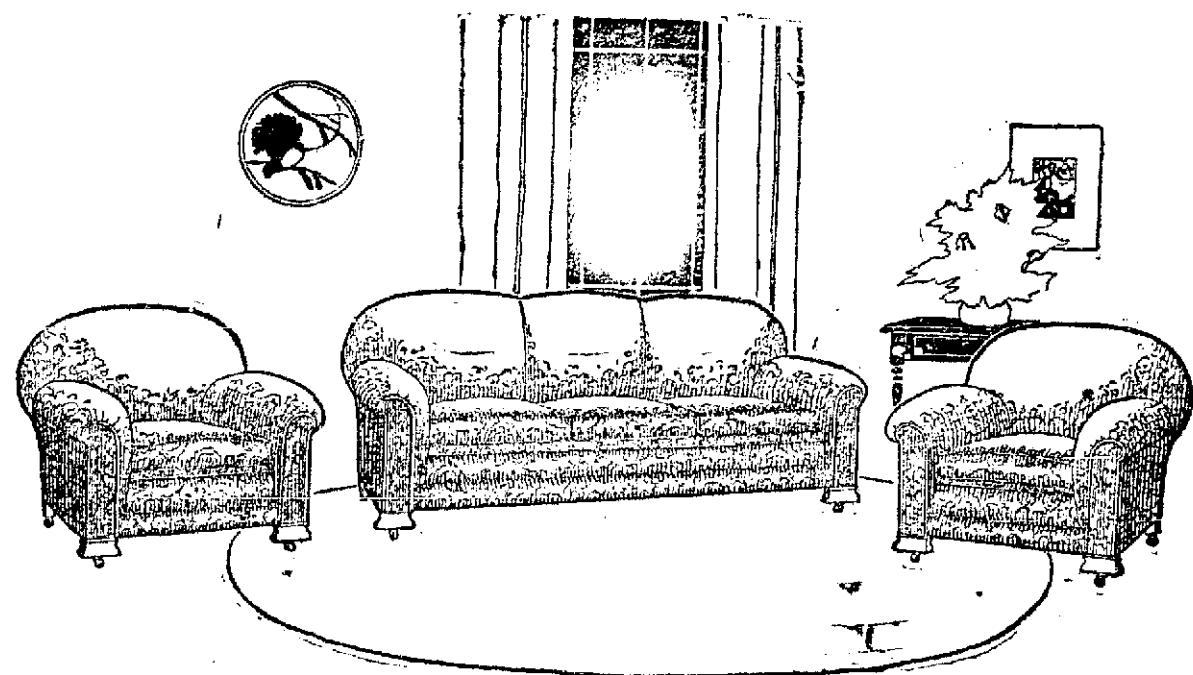

TOUCOING, France.—An oratorio composed by an 11-year-old Italian boy, Roto Rinaldi, soon will be presented at the great church of St. Christopher. It is called "The Childhood of St. John the Baptist." In Milan, it has won generous praise from the critics.

FORGETS HIS WEDDING.

LONDON.—The bride was waiting at the church. The registrar was there. The priest was vested. But the groom didn't show up. He had forgotten it was his wedding day. Late that afternoon, he came to. Profuse apologies. And then everybody was happy again.

You Can Save From \$50 To \$100 On A Splendid Living Room Suite

AIR LINE ACROSS OCEAN PLANNED

Zeppelins to Operate Between Spain and Argentina

WILL CARRY 40 PASSENGERS

Four Ships Being Built to Inaugurate Scheme

LONDON. (Associated Press)—Details of the first Atlantic airship services between Spain and Argentina have just been made public by the London Daily Chronicle, which says that it may soon be possible to bridge the 5,000 miles between the two continents in three and a half days. The service will operate between Seville and Buenos Aires, and Zeppelin aircraft will be used. There will be terminal airdromes, mooring masts, repair sheds, and hydrogen factories at Seville and at Buenos Aires. In addition, emergency landing grounds will be laid out at the Canary Islands and at Cordoba, in the Argentine.

On the American side of the Atlantic the hangars will be made on a revolving principle, because of the variability of the wind. Four airships are being built to inaugurate the scheme, and it is anticipated that service will begin next summer. It also is probable that arrangements will be made to link up Seville direct with London by an airplane service.

NINE ENGINES

The airships, fitted with nine en-

gines, each developing 400 horsepower, will carry 40 passengers and 11 tons of mails and merchandise. There will be two simultaneous flights a week in each direction, and the time taken to cross the Atlantic will be three days and 16 hours. Passengers will have all the comforts of an Atlantic liner, without the disadvantage of sea sickness.

The ships will have a speed of 82 miles an hour. Zeppelin pilots who have not less than 1,000 successful flights to their credit will be engaged to operate the craft. Each

airship will carry six pilots and a commander.

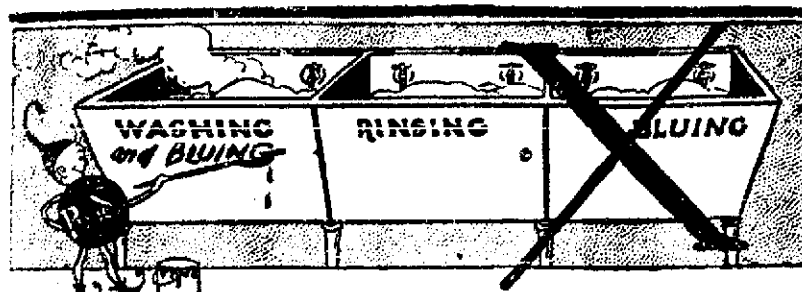

Powerful wireless sets will be fitted into each ship, thus it will be possible to keep in touch with 46

weather stations on the coasts of Spain, Africa, America, the Canary Islands, Cape Verde and Fernando Noronha, as well as with ships at sea.

We Guarantee to grow hair

Why waste time and money on "tonics" when you can get the scientifically proved Van Ess home treatment under written money back guarantee? It is the infected sebum which is the source of 90% of all hair troubles. Patented applicator comes free with each bottle. It massages germ combating treatment directly to hair roots. Ask your druggist for Van Ess Liquid Scalp Massage and the 90-day treatment guarantee. Results from one month's use will be a revelation.—Adv.

Two tubs are all you need now!

Pixies combine bluing and washing

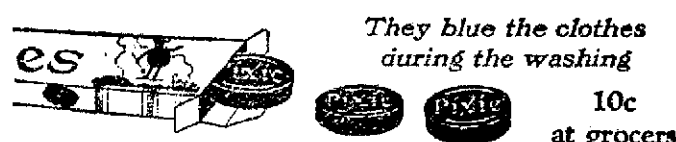

THE invention of Pixies—the new Bluing Tablets—gives you for the first time a bluing which works beautifully right in the hot soapy water where you are washing your clothes.

One Pixie Tablet turns your soap suds blue. You wash as usual in these hot,

blue suds and then rinse away the soap and the blue together.

No more separate bluing tub! And yet—clothes more exquisitely white than you ever saw them before!

Pixies give you a short cut from the rinsing water direct to the clothes line.

They blue the clothes during the washing

LUNACY CHARGE IS NOT SUSTAINED

Divorce Suit May Be Sequel of Troubles of Couple

A lunacy charge heard by Probate Judge J. H. Hamilton Thursday, may have a sequel in divorce proceedings in common pleas court, it was announced following the dismissal of charges brought by Mrs. Grace Jones against William A. Jones, patternmaker, 1937 W. Elm-st.

Mrs. Jones procured the arrest of her husband on grounds that he was demented. She stated that his reason had been at fault for the past two years. A fall in the plant of the Rhoda Body Co. had affected his mind, she feared.

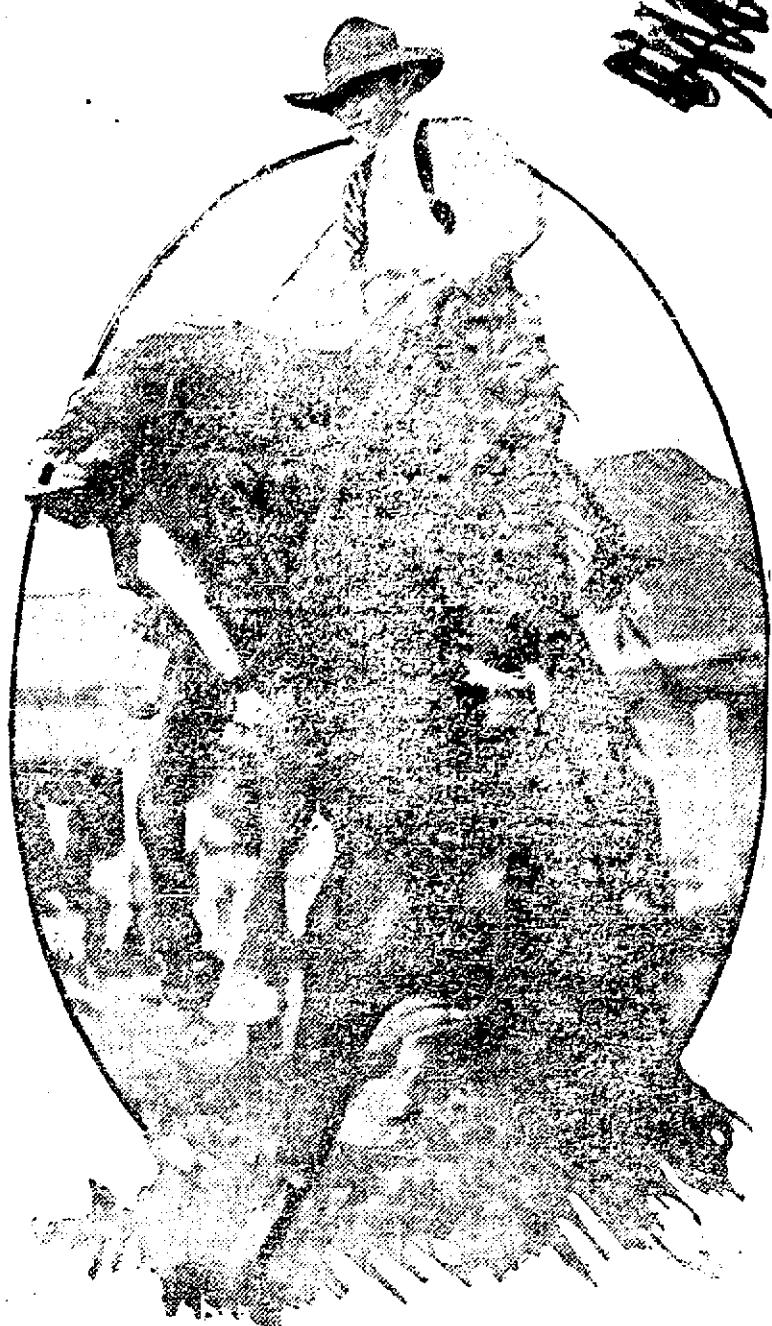

She testified to threats, an alleged attempt to slash her with a razor and of his squandering money and "carrying on" with women. She also said that Jones had turned to bootlegging because of the large profits and had told her of taking drugs and drinking.

Jones stated that constant nagging of his wife had driven him wild. She wanted him to remain at home, he said, while he wanted to get out and have a good time. He admitted spending a large sum of money to clear up an affair with a woman, and indulging in an occasional drink. He said his wife threatened to "put him away" unless he cut out going out nights and turned over his money to her.

About 10 witnesses called by Jones testified that so far as they had observed he was normal. The court and physicians declared him sane.

Both husband and wife will sue for divorce they asserted as they left the court room.

REAL BUCKING BRONCHO!

"No Sir" is the name of this horse. And he means it! He entered in the Calgary Stampede at Calgary, Alberta, Canada, July 9 to 14. The Prince of Wales has offered a silver horse 18 inches high for the champion rider of the meet.

Cupid Waits As Court Conducts Lunacy Hearing

Many are the reasons that have made it impossible for young people to culminate their joys thru obtaining a marriage license.

Generally irate parents, law requirements or the quick action of another suitor who has decided that Young Lochinvar tactics must be used if real love is to conquer, halt wedding plans.

Thursday, however, a lunacy hearing being held in the ante room in the probate court kept an impatient couple from receiving their license to wed as soon as they desired.

Miss Jessie P. Miller, license clerk, told Homer J. Davis, 38, carpenter, 916 W. Elm-st, and Ruth Margaret Ireland, 30, stenographer, to wait until she could get into the room and procure the license record.

They waited and waited until their patience was almost exhausted. They decided to take a walk. By the time they returned the hearing was completed and they were able to get their license. Rev. Samuel Luecker was chosen to perform the ceremony.

CITY POSTPONES ACTION ON LICENSE ORDINANCE

City Manager C. A. Bingham said Thursday the city commission will take no action on the license ordinance Thursday at 7 p. m. as announced but decided to postpone action until the public has had an opportunity to study the ordinance.

License ordinance passed first reading Monday, June 11, and was to have been presented the city commission last Monday.

Definite action must be taken before July 1, it is said. License provides that certain trades, professions and business firms shall pay an annual license fee.

WILL SUPERVISE WALL STREET

Stock Exchange Blamed By Banton For Present Feeling

REFUSES TO ACCEPT AID

Gamblers Responsible For False Rumors, It Is Charged

NEW YORK — (United Press)

Spurred by the numerous stock brokerage failures, the disclosure of serious irregularities, suspension of stock exchange members and the heavy losses inflicted on the investing public, District Attorney Banton today served notice of his intention to place Wall Street under state supervision.

Banton would place all brokerage houses under the jurisdiction of the state banking committee, issuing licenses for their operation.

On the New York stock exchange he placed the blame for the present condition in Wall Street.

"I charge the New York stock exchange for the present condition and feeling in Wall Street," Banton declared. "Its president, in and out of season, has fought against constructive legislation that would have been helpful to the brokerage business and stabilized that business and has demanded and secured a law, enforcement of which will ruin the brokerage business in New York."

Wall Street is full of crooks, Banton charged. These men start false rumors and then gamble on the market results, he declared. The New York exchange firm of Zimmerman and Forshey, recently forced into bankruptcy with liabilities estimated at \$7,000,000 was a victim of the criminal rumormongers, Banton said.

During the past two years, 153 brokerage houses with aggregate liabilities of \$180,000,000 have failed, Banton estimated. During that same period not a single bank under the supervision of the state banking commission has collapsed, he said.

"This fact alone should wake up the people to the necessity of putting the brokerage business of New York under supervision of the state superintendent of banks," Banton declared.

JAMES J. HOWARD BURIAL HELD FRIDAY AFTERNOON

Funeral services for James T. Howard, 64, prominent business man of Wapakoneta, who died at his home in that city were held Friday afternoon at the residence. Rev. J. E. Zimmerman, pastor of the First Lutheran church officiated. Interment in Greenlawn cemetery. He was engaged in the harness business with his son-in-law, A. A. Crawford.

Howard was born near Wapakoneta, July 2, 1859 and had been a lifelong resident of Auglaize-co. He had always been keenly interested in the growth and development of the city and had been prominent in the work of all the commercial organizations. He was treasurer of the old Wapakoneta Commercial Club Co. and was vice president of the Wapakoneta Wheel Co. at the time of his death; as well as a member of the board of directors of the Wapakoneta Building and Savings Co.

Surviving are the widow and one daughter, Mrs. Asa A. Crawford.

A FAIRY TALE COME TRUE!

Little New Orleans Girl, With Future a Dark Problem, Suddenly Is Lifted From Poverty To Life Of Happiness In "Fairy Palace"

NEW ORLEANS — (Sp. 1)— Good fairies like sweet little girls, and they especially love curly haired May Parker, May's 11 years old. And all her young life she's dreamed of the brownies and spirits and sandmen who were said to dwell in the pine trees far out in the country.

It's a good thing the fairies liked May, too, because what happened—

MAY'S mother died. Her brother was killed by an auto. That left May and her daddy. But her father was sick and poor, and the best he could afford was a frail wooden house perilously near the poorest section of this city.

She grew lilies, because she knew good fairies liked them—and, well, the rent had to be paid.

Then the hardest blow of all. City authorities came along and told her dad he'd have to go to an institution to be cured of his ailment. And that left May alone.

YES, she cried a bit. And the tears quickened the hearts of the gnomes who dwelled in the pines, and they came.

One of them whispered to her that if she'd ask the help of New Orleans newspapers, a Fairy Prince would come and all her troubles would be over and she would smile and laugh again.

That's what she did, and soon the giant presses of the city dailies were broadcasting the fairies' plea. Clarence Bennett, wealthy young business men, heard the call. And now—

"THE Lord has been good to me in recent years," says Bennett. "I have plenty of this world's goods. But I have not one to make happy—that is, not until now. I haven't a relative in the world."

"Now I'm going on a long trip, and I'm going to turn over my country house to May and her daddy. The house is in the thick of a pine region and I'm sure the father will get well. I'll support them both the rest of their lives, and I'll give May the best education I can. This is my big opportunity in life. And I'M GOING TO MAKE GOOD."

AND so little May is in the beautiful house shaded by the very pines in which dwell her wonderful fairies. She has an orchard and a garden. And an auto to carry her to the city when she wants to come.

And the wind is whistling happily through the pines, and the fairies—oh, they're so joyous!

SLASHES THROAT

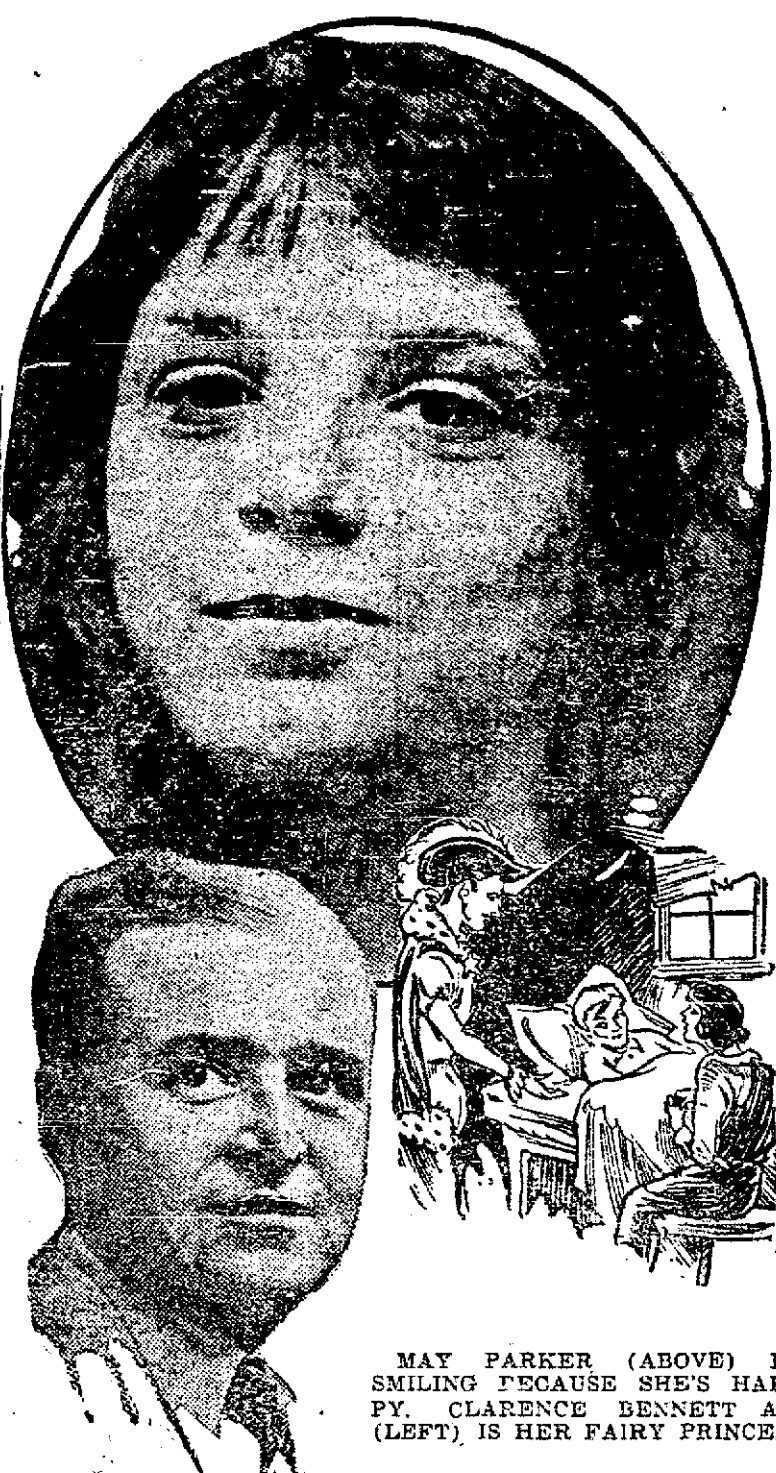

Woman Attempts Suicide in British Author's Apartment

LONDON — (United Press)—An Australian woman, whose name was withheld by the police, slashed her throat today with a razor in the apartment of H. G. Wells, famous British author, and was taken to a hospital where her condition is serious.

The woman had been a translator of several of Wells' books, and visited his flat today, insisting upon seeing him.

Wells saw her in his sitting room, he told police, and observing that she was acting strangely, went to order a porter to summon the police.

When he returned to the flat, he said, he found the woman pacing the floor, blood streaming from a gash in the throat.

CASHIER MAKES STATEMENT

Miss Jones Declares Tanlac Fully Restored Health.

"How Tanlac could build me up to such splendid health when I was so rundown and nothing else helped me, is more than I can understand," says Miss May Jones, Kennard Hotel, Cleveland, Ohio, popular young business woman employed as cashier by a large corporation.

"For a year or more I had suffered from nervousness, indigestion and loss of appetite, and I felt listless, dull and tired out all the time. Heartburn and gas caused me serious distress after eating. I had fearful headaches, too, and could never sleep well. I was so worn out and nervous that a long line of customers before the cash window confused me, and I simply felt miserable."

"Well, Tanlac benefited me from the very start, and now I haven't an ailment of any kind. I don't see how anyone who suffers like I did can afford not to take Tanlac, for the treatment has certainly rewarded me with a full measure of good health."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

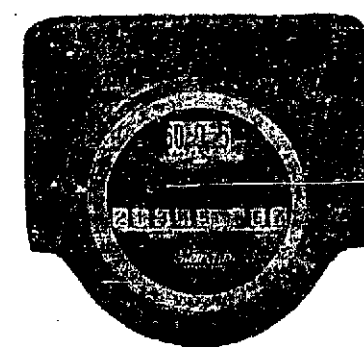

KILLED BY LIGHTNING

DENNISON, Ohio—Winfield F. Cox, 21, was instantly killed late yesterday when a tree in which he was picking cherries was struck by lightning, two miles from Bowers-town.

LIMA CONSUMING MORE WATER

Hot Weather Causing Big Increase in Daily Requirements

OVER 6,000,000 GALLONS

New High Record May Be Reached If Hot Spell Continues

Considerable increase in the number of gallons of water being pumped by the city in order to supply the increased consumption during the hot weather is reported by E. E. Smith, of the city waterworks department.

"Number of gallons pumped every day since Sunday has steadily increased and if there is no rainfall during the next few days the daily consumption may reach 6,500,000 gallons which would break all previous records," said Smith.

FIGURES TELL STORY

Figures giving the number of gallons pumped every day since Sunday are: Sunday, 4,473,000 gallons; Monday, 5,481,000; Tuesday, 5,781,000; Wednesday, 5,975,000; Thursday, 6,032,000. Friday's total is expected to exceed the total for Thursday.

The present hot spell is ascribed as the cause for the increased consumption of water. More water is being used to sprinkle lawns, and more is used for drinking. Persons permit the water to run thinking it will get cooler before drinking. During the hot spell, however, it is impossible to get cool water.

Smith said the temperature of the water in the reservoir is 15 to 25 degrees warmer than in average weather. Temperature of the water Friday morning was 65 degrees Fahrenheit and Smith said it may reach 75 degrees if the weather fails to get cooler. The latter record would make a new high record for local water.

Eurisko Water Co., which sells drinking water in bottles, reports an increase of from 150 to 400 gallons daily. Officials say the consumption during the present hot spell is more than any previous summer.

TWO ARRESTED IN BIG ROBBERY

Confession Mail Theft Involves Operation of Gang

TULSA, Okla. — (Associated Press) — Walter Chitwood, young Indiana attorney of this city, and Con Sullivan, described by Federal authorities as a most wealthy gambler of Tulsa and Fort Smith, Ark., are in the federal jail at Muskogee today following the recovery late yesterday of \$14,000 in Argentine government bonds which authorities say are part of approximately \$2,000,000 worth stolen about two months ago in a daylight robbery in New York.

The arrests were made by a private detective. Chitwood was said to have made a confession to federal officers involving the operation of a gang here which has been disposing of stolen securities obtained in holdups and bank robberies from New York to San Francisco.

Federal authorities said that arrests of other members of the gang are expected soon.

Charges were to be placed against Chitwood and Sullivan at Muskogee today. An official here said they would probably charge "possession of stolen bonds."

When the bonds were in registered mail sacks, according to federal officers.

COMFORT STATION IS NOW READY

County Commissioners Will Open Improvement Saturday

Decision to open the comfort station at the courthouse Saturday morning was announced by the county commissioners Friday.

Promise after promise has been made that body that the station would be completed, but on the date set, the place was never ready.

"We are ready to open it," Commissioner A. J. Gray declared.

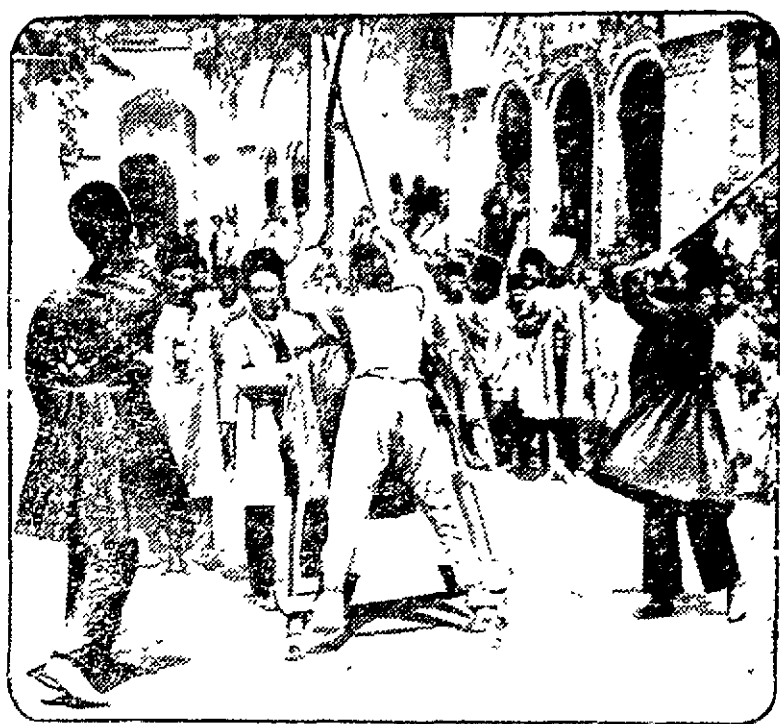

Junior Bill Feth, court house of scrubbing the station out Friday night, to make ready for Saturday, announced his intention building for the past year, at an approximate cost of \$1,000.

PROCEEDINGS FOR UNPAID ALIMONY STARTED FRIDAY

Contempt proceedings were instituted in common pleas court Friday by Mrs. Anna Schell, formerly Anna Winkler, 1033 N. Main-st., against John Winkler, Marshall hotel, Main and Wayne-sts. The action was taken to enforce payment of back alimony.

Plaintiff was divorced from Winkler January 18, and was allowed \$1 a week alimony. Winkler has paid her only \$19, she asserts and owes her \$85. Since divorcing Winkler, the plaintiff has re-married. Judge Becker will hear what both sides have to say Saturday.

THIRTY LASHES INSTEAD OF THIRTY DAYS

Wife beaters, and other offenders of the law, get their punishment in the market square in Teneban, Persia, from the hand that wields the cane. So effective is this form of punishment that divorce cases are unheard of among this population of 50,000.

FRESH AIR HEAD IS SELECTED

Will Supervise Kiwanis-Junior Red Cross Camp

NURSE IS ALSO APPOINTED

Thirty Children Will Be On Farm When It Opens

Mrs. Catherine Boegel has been chosen supervisor of the Kiwanis-Junior Red Cross Fresh Air camp at the Soles' farm, Mrs. Frank Mead, chairman of the Red Cross committee announced Friday.

Miss Boegel, who is a graduate of the Lima high schools, has been in charge of playgrounds both in Lima and in Tiffin and has done work with girl scouts' camps.

The Junior Red Cross will maintain a nurse at the camp, who will remain permanently to look after the welfare of the children who may attend, Mrs. Mead stated.

Miss Olive Johnson, public health nurse of Lima for 23 months, has been selected to assume charge of health conditions of the camp.

WAR RECORD Her war record includes 23 months' service in the Walter Reid hospital at Washington and five months at the government Training Ground, Aberdeen, Maryland.

With the addition of a man and wife to assist with camp activities, the personnel of the camp will be complete, Mrs. Mead stated. Mrs. Frank Sowles has been re-engaged as housekeeper.

An appeal for comforters to be used as pads for the cots, was made Friday by Mrs. Mead. The comforters may be worn, she stated, the only requirements being that they be clean. Persons with cot forties to contribute to the camp are asked to phone Main 8716, Red Cross Health Center.

WOMEN AID Members of the Junior Red Cross camp executive committee, who are cooperating with the Kiwanis club in the maintenance of camp for undernourished children of the city are: Mrs. Frank Mead, chairman; Miss Katharine Riley, of the board of health; Miss Marie Mueller, of the Red Cross nursing division, M. P. Colt and J. J. Hoffman.

Red Cross nurses will assist Miss Johnson with work at the camp, Mrs. Mead stated, and every provision is being made both by Red Cross and Kiwanis to insure the maximum benefit to the children attending.

Approximately 30 children have been opened for the camp which will open June 9 and will continue six weeks. Facilities at the camp will accommodate 50 children, Mrs. Mead said.

TWO DIE IN WRECK

Ohio Man and Woman Killed When Train Hits Auto

RAVENNA, Ohio. — (United Press) — Two persons were decapitated and a locomotive derailed when a Baltimore and Ohio freight train struck an automobile at the Brady Lake crossing late last night.

The dead: Irvan Heacock, 50, Alliance real estate man.

Mrs. Alice Lucas, a widow, riding in the automobile with Heacock.

The crash threw the locomotive off the track, burst a steam pipe and delayed train service three hours.

The bodies of the two victims were mangled. An investigation is under way.

THAUSH INJURED BY GLASS WHEN AUTOMOBILES CRASH

William Thaus, 200 S. Cole-st., was slightly injured late Thursday night when an automobile, driven by Everett Allen, Delphos, and sixth-st., in which he was riding, struck an automobile driven by Walter Manuel, 156 Metropolitan building. Manuel was driving north on St. Johns-st., near Fourth-st., and stopped suddenly. The other car ran into the back end of his automobile. Thaus was cut by flying glass.

DR. MANN INSTALLED AS I. O. O. F. GRAND MASTER

MIDDLETOWN — Installation of Dr. A. B. Mann, of Findlay, as grand master, and other Grand Lodge officers, marked the closing session here this morning of the Ohio Odd Fellows assembly, which has been in convention since Monday. Officers installed were elected last December. Yesterday the Grand Lodge approved the construction of a swimming pool and gymnasium at the Springfield I. O. O. F. Home.

The largest convention crowd of the week was in the city last night to take part in the parade and an open air gathering at Armeto Park.

NEW YORK HIT AT BANKERS' MEET

Attitude Toward Waterways Attacked in Speech at Toledo

TOLEDO — (Associated Press) — "The doctrine of state rights which New York fought against in 1861 to 1865 is now being invoked by the Empire state to save water power as well as beer," said J. P. Goodrich, former governor of Indiana, at the Friday morning session of the Ohio Bankers' Association.

The speaker took for his subject the Great Lakes-St. Lawrence river waterways and scored the position of New York state and of all other opposition to the waterways project as "rooted in provincialism and local self-interest."

Florence T. Earleson of Columbus, former member of the state legislature, spoke on "Public Policy in Relation to Banks." The remainder of the morning was taken up with reports of the treasurer and auditing committee. Dr. Marion Leroy Burton, president of the University of Michigan, will address the afternoon meeting on the subject "That Mind Of Yours."

Election of officers and selection of the next convention city will take place this afternoon.

The inner Noronic arrived this afternoon. One thousand delegates and their wives will depart at midnight for a five day cruise thru the Georgian Bay District.

THREATS RESULT IN ARREST

Lee Stumbaugh, Who Figured in Family Row Last Summer, Jailed

Arrest of Lee Stumbaugh, 49, 783 S. Elizabeth-st., by Officer Dick Watkins, Friday, on a charge of disorderly conduct is said by Police Chief T. A. Lancker to be the result of domestic trouble arising in police court last summer when Stumbaugh was beaten by Harry Ream, 39, of 115 W. High-st., who accused Stumbaugh with being too familiar with his wife. The conflict at that time resulted in both men being arrested on charges of disorderly conduct. Ream being fined \$10 and Stumbaugh drawing a \$50 fine and 30 days in the Toledo workhouse, police records show.

When Stumbaugh returned to Lima Mrs. Ream is said to have separated from her husband. Later, however, police say, she has been considering returning to her home.

Report was received at police headquarters that Stumbaugh had fallen out with Mrs. Ream and was threatening to kill her. Officer Watkins went to the house and arrested Stumbaugh. He will be given a hearing in criminal court Saturday on a charge of disorderly conduct.

TIME EXTENSION CAUSES SLUMP IN TAX PAYING

Extension of time for tax paying granted by the county commissioners is blamed by Harry E. Atkins, county treasurer, for decrease in collections ranging from \$25,000 to \$50,000 daily only in the week to less than \$8,000 on Thursday.

Friday's collections will be still lower, Atkins believes. While collections are slow. The county treasurer urges property owners to take advantage of the fact and pay up before the final rush.

VICTORY WON BY MRS. STANNARD

Charges Dismissed by Civil Service Commission

MAY HEAD SCHOOL AGAIN

Her Removal Second Time By Harper Probable

COLUMBUS — (Associated Press) — Charges filed against Mrs. Mae E. Stannard, chief matron of the Girls' Industrial school at Delaware, by Director of Welfare John E. Harper were dismissed today by the state civil service commission which ruled that Mrs. Stannard had not been given sufficient time to file an explanation to the charges before being removed from her position.

As soon as the charges were filed, it was declared, a special representative of the welfare director went to the school and took over the institution, appointing Miss Mattie Pangborn to act as chief matron.

Three days' notice are required before a removal may be made, the commission ruled.

CARRIES FULL PAY The decision of the commission will result in permitting Mrs. Stannard to resume her position if she desires, give her full salary for the time her work was done by Miss Pangborn and bring the situation at the school practically to the point where it was before charges were filed.

However, it was indicated after the decision had been announced that Director Harper probably would draw up a new set of charges to be filed with the commission and again remove Mrs. Stannard.

The commission called off the hearing on the case which was to have been held at the school beginning next Monday but it was said that it might be held should Mr. Harper again file charges.

Mrs. Stannard was notified of the commission's action but said she had not decided whether she would go back to the school.

CRABBE'S OPINION COLUMBUS — (United Press) — The removal of Mrs. Mae Stannard as head of the state girls' industrial school at Delaware was "clearly a violation of the law," Attorney General Crabbe declared today in a letter to Welfare Director Harper, under whose orders Mrs. Stannard was ousted.

Crabbe said he was convinced Harper's charges against Mrs. Stannard were insufficient to warrant her removal.

Crabbe urged that "we hasten to right the wrong that has been done, not only to the institution, but to Mrs. Stannard and to the state of Ohio, and that Mrs. Stannard be speedily restored to her position and her good name."

Pointing out that the "so-called charges" against Mrs. Stannard were not prepared by the attorney general's department, Crabbe said it was regrettable that a thorough investigation could not have been made and the charges properly prepared and notice given as required by law.

He concluded his letter, by stating: "I do not feel that my department can participate further in the presentation of this case."

Mrs. Stannard was removed from office June 8, on charges of incompetency, inefficiency, extravagance and cruel and abusive treatment of girl inmates.

Other charges were that she used language in talking to the girls which was unbecoming an officer, endangered the lives of inmates by locking them in sleeping rooms and that she padded expense vouchers.

Harper said his charges were based on affidavits from employees of the institution and on his own knowledge of conditions.

Mrs. Stannard appealed to the civil service commission and her hearing was to have started Monday at Delaware.

Simultaneously with the announcement of Crabbe that the removal was illegal, however came announcement of Rollin Swisher, chairman of the civil service board that the removal, from his point of view was unauthorized by law and that the hearing had been called off.

POLICE GET ORDERS ON JULY 4TH NOISEMAKERS

Cannon crackers, toy guns, torpedoes and cannons are taboo for the Fourth of July, so far as Lima is concerned.

This was the order issued to Captain of Police George Strick Friday when he directed a check-up of all places handling fireworks. These noise-makers must not be sold or exposed for sale, the law reads.

"Enforce the ordinance covering the sale and use of fireworks," he told all members of the department in a bulletin.

The ordinance also requires that fireworks and other explosives be used only on the Fourth.

COUPLE HELD BY POLICE FOLLOWING DEATH THREAT

Charles King, 35, and Imogene Moore, 31, both of 410 N. Union-st., were placed in jail Friday afternoon, charged respectively with carrying concealed weapons and disorderly conduct.

Police Chief Lancker and Captain Strick who answered a complaint that the man threatened to kill some one, arrested them.

NEWS OF PUTNAM-CO

DEMOCRATS MEET IN PUTNAM-CO

Central Committee Members Outlines 1924 Campaign

OTTAWA — Preliminary plans for the campaign of next year were discussed at a meeting of the Putnam-co. Central committee of Democrats, held Friday at the court house here. Judge H. M. Summers, chairman of the committee, presided.

William W. Durbin, of Kenton, and several prominent speakers of northwestern Ohio, were to address Democratic voters Friday at 2 p. m. at the court house. Durbin had not arrived at 11:20 o'clock, but Judge Summers believed he was on the way.

Durbin and his party were to be guests at lunch at the Hotel DuMont, when members of the central committee were to be seated.

Central committee is composed of David Reese, Miss Mollie Beard, Mrs. Kate Geckle, Mrs. John T. Maidlow, Mrs. Samuel Dickey, Charles Beard, S. A. Stern, William T. Etter, Willis Grey, Matthew Konat, John Seimant, Michael Williams, Henry Fembert, G. Phillips, R. O. Shippe, Henry Schroeder, James Gander, D. W. Sussner, Frank Pike, William Schlagbaum, C. A. Cody, James Hunt, Guy Kersh and George Schmitz Mueller.

PLAN CELEBRATION OF ANNIVERSARY AT GROVE

COLUMBUS GROVE — Celebration of the organization of the Civic Center in Columbus Grove will be held Monday.

An operetta will be given and a mock wedding will be a feature of the Civic League sponsored picnic.

FUNERAL SERVICES FOR LEIPSIK MAN THURSDAY

KALIDA — Funeral services were held Thursday for Edward Bett, 69, who died Monday night at his home near Kalida. Bett was a sufferer for six years from diabetes.

Survivors include three children, Mrs. Richard McClure, Mrs. Ethel Eberman and Frank Bett, survive.

PUTNAM-CO MARRIAGE LICENSE David S. White, 25, pharmacist, and Miss Thelma C. Schweitzer, 22, housekeeper, both of Leipsic, Rev. George Wise was the designated to officiate.

BOYS READY FOR "Y" CAMP

Lima's Quota Almost Attained For Michigan Outing

Applications for the local Y. M. C. A. camp in Michigan are to within camp capacity, R. T. Veal, boys' secretary, announced Friday.

Total of 19 boys has signed up for the camp, which opens June 30 and extends to July 14. Camping with local youths will be 25 boys from the Fort Wayne Y. M. C. A.

Veal will be camp supervisor and will be assisted by Frank Ruff of Fort Wayne, who is in charge of camp activities. I. G. Maxwell, local "Y" physical director, will be physical director of the camp and will be assisted by P. S. Stevens, of Fort Wayne.

Local tent leaders will be R. King, R. Adkins, D. Yant and W. Benson. Daily camp schedule has been outlined and will be in effect each day. Veal stated. Reveille will be sounded at 6:30 and will be followed by setting up exercises and the morning dip. At 7:15, official flag raising ceremonies will be conducted and the remainder of the morning will be devoted to athletics and camp duties.

Regular rest and study hours will be provided each afternoon. Camp fires and evening activities will end at 9:30, at which time taps will sound.

Boys who are to attend the camp will attend a camp rally Monday evening at 7:30 at the boys' lobby of the "Y." Final instructions will be given as to traveling equipment and other preparations made for the two weeks' activities at Camp Potawatomi.

Boys who will attend the camp are: Herbert Ackerman, James Barnhardt, Leroy Brown, Frank Brugner, Gibson Dildine, Thomas Ewing, Herman Gross, Benjamin Hall, Carl Eversback, Robert Jacobs, Charles King, Arthur Peters, Harold Ream, Lawrence Stumbaugh, Clyde Weller, Donald Weller, George Wood, Brotherton Young and Robert Weaver.

RUSICK INDICTED ON AUTO CHARGE

Man Who Escaped From Officers Here, Held at Columbus

Roy Busick, of Columbus, who escaped from Lima police on Easter Sunday, April 1st, after they attempted to arrest him on a charge of stealing an automobile, was indicted by the Franklin-co. grand jury at Columbus Friday, on a charge of stealing a motor car, according to advices from that city.

Busick called on a prisoner at the state hospital here and police were notified after he left that institution. He was intercepted on the West-st road by Officer Ward Taylor and Webb Harrison and an attempt was made to arrest him in Main-st near the courthouse.

Busick forced an officer off the running board of his car at the point of his gun and escaped in a fusillade of bullets. He had picked up two little girls north of the city, bringing them into Lima to attend Easter church services.

Busick abandoned the car near the Y. M. C. A., and later it was found that the auto had been stolen from Columbus.

COLUMBUS GROVE FIRM IS SUED ON FREIGHT CLAIM

COLUMBUS GROVE — Suit to collect \$183.50 freight charges and \$400 additional war tax was filed Friday in Putnam-co common pleas court by the Chicago & Northwestern Railway Co. against Ed. Laibe & Son, Edward Jr., doing business here as the firm of Laibe & Son, and as individuals.

The petition charges that Laibe & Son shipped four cows and three calves to Roy Housman at Huron, S. D., in June, 1920, and by the bill of lading indicated that the freight charges would be paid in Columbus Grove by shippers.

The railroad company asserts the charges were not prepaid and that they still remain unpaid.

Frequent requests made to Laibe & Son to pay the charges have been met with refusal, to petition sets forth.

REUNION OF HOSKINSON FAMILY EVENT AT OTTAWA

Annual reunion of the Hoskinson family will be held Sunday at the fair grounds at Ottawa. More than fifty are expected to be present, members to come from Hancock, Wood, Henry, Defiance and Putnam-co.

The short program will include historical reminiscences. Miss Zoe Frantick of Gilboa, is secretary.

NEW WALKS ORDERED AS FREE MAIL DELIVERY AID

Mayor W. A. Buntler of Ottawa has issued an appeal to property holders to at once improve sidewalks.

The mayor calls attention to the fact that unless new sidewalks are constructed or repaired made, Ottawa cannot hope to obtain free mail delivery.

One provision of the government requires that mail cannot be delivered to homes which cannot be reached by good sidewalks.

At a recent meeting of the Village council an ordinance providing for the construction of new walks and repair of old ones was passed.

CLINIC AT OTTAWA Seven young girls from various parts of Putnam-co were subject to operations for removal of tonsils and adenoids at the county clinic sponsored by the Kiwanis club, Friday. It was the third clinic held this season.

Dr. H. A. Lewis, of Continental, was the operating surgeon.

PHYSICIAN RETURNS LEIPSIC — Dr. W. S. Yeager, Putnam-co health commissioner, has returned from Washington, D. C., where he attended the meeting of the Baltimore & Ohio Association of Railway Surgeons. Dr. Yeager is physician for the road at his home in Leipsic.

IS ON VACATION Ernest Frazier, clerk in the Ottawa postoffice, is enjoying his annual vacation, making a trip up the lakes.

LITTLE CHANCE SEEN OF OTTAWA TELEPHONE DEAL

There is little probability that the Farmers' Mutual and Putnam Telephone companies in Ottawa will be combined, according to information which has emanated from the Farmers' Mutual company.

"The only way the two companies will be combined is for the Putnam to sell to us," Gus Underhill, manager of the Farmers' Mutual, said.

In the meantime Ottawa has the two telephone systems.

LIQUOR SEALS NOT YET BROKEN

Defiant British Ships Inspected By Customs Officials

NEW YORK. — (United Press) — Two of the largest British liners afloat—the Baltic and the Berengaria—today brought hundreds of gallons of beverage liquors within the three mile limit and to their docks in the first test of the authority of the Volstead act over American territorial waters.

The liquor—including wines, spirits and beer—was inclosed in store rooms sealed with the seals of His Majesty's government.

Custom officials at once put into motion machinery they had prepared for the liquor's reception. Dr. F. J. Sprague, of the public health service, went aboard the vessels to examine the supplies of beverage and designate how much of the liquor was in excess of that needed for medicinal purposes. This was to be seized by customs men and prohibition officers.

The big Berengaria which was beaten into port a few hours by the Baltic made certain that there would be no chance of liquor being overlooked. Ship officers said they had above what was needed for medicinal purposes, the following:

101 5-6 gallons of wine. 110 1-6 gallons of spirits. 3,888 bottles of ale and stout.

OBITUARY

Mrs. Eliza George was born at Bascom, O., June 26, 1857. At the age of two years her parents, Henry and Mary Pennington, moved to a new home one and one-half miles southeast of Lima, Ohio, where she resided until her marriage to J. W. George in 1873. To this marriage were born five children, all of whom except one daughter, Mrs. Nina Linder, preceded her to the great beyond. One sister, though last of a family of eight children, also survives.

The deceased united with the Methodist church at McComb, Ohio at the age of 16 years.

For the past year she had suffered from a complication of diseases and on May 17th was removed from the home of her daughter to the Lima City Hospital, where she underwent a serious operation. On June 18th, the patient suffered passed unaided from this life, prepared for the journey beyond.

Funeral services were held from the J. W. Bowersock home Monday at 10 a. m. and the body was laid to rest in the McComb cemetery of Reverend C. A. Rowand, pastor of Trinity M. E. church, of Lima, read the funeral rites.

Those who attended the services from out of the city were: Mrs. Lou Roberts, New York City; Henry Pennington, Indianapolis, Ind.; Mrs. Sarah Reminger and Mrs. Elia Cornine, both of Findlay; Mr. and Mrs. Clayton Thompson of Bettlesville, Ohio; Mrs. A. Thompson, Mrs. Ida Ferguson, Mrs. Belle Goldner, Mrs. LeRoy Montgomery and Mrs. John Fomer of North Baltimore.

Full bearers were Mrs. Lucy Hansel, Mrs. White, Mrs. A. M. Shifferly, Mrs. A. Sanders, Mrs. Belle Dray and Mrs. Nell May.

IN OTTAWA SOCIETY

Ensign Paul Wirtz, who was called to Washington last week to report and be assigned for duty in the United States navy, has arrived in Ottawa for a short visit with his sister, Mrs. Nora Meyers. Ensign Wirtz was graduated recently from Annapolis Naval Academy with high honors.

Miss Blanche Blossom is spending a week in Bowling Green, visiting with her sister, Mrs. L. W. Struensee.

Ensign Paul Wirtz and his sister, Miss Nora Meyers, will spend Sunday with relatives in Toledo.

Members of the club of Roy's Neighbors held the regular meeting with Mrs. Gus Kreiger, Thursday evening at 7 o'clock. Mr. and Mrs. Mass Chup being joint hosts. Refreshments were given by Mrs. Kreiger's daughter and her young sister. A call was responded to by reminiscences of the late Mr. and Mrs. Honymon. Games and the serving of refreshments concluded the evening's pleasures.

NEARBY SHOWERS AFFORD BRIEF RELIEF FROM HEAT

Backbone of the heat wave in Putnam-co is believed to be broken. Thunder showers which passed

METAL PLANE IS BRITISH HOPE

Monster Machine Will Guard
Island From All Invaders

WONDER MACHINE UNDER WAY

Can Fly, Swim, Sail or Run on
Land, Claim

LONDON — (United Press) — England will counter the menace of a superior air fleet with a new type of plane which is said to embody structural features previously thought impossible to apply to a heavier than air craft.

English newspapers have been banging away for a greater air fleet.

Citizens of London vociferously shout that their home city is pitifully defenceless against any power minded to attack it by air.

Mr. John Bull, Esq., discusses the situation as he rides the London subway or the Birmingham trams.

England was once the objective of skillful air bombers and that period of unhappy impotence will not be repeated if English citizens have their way.

Lord Salisbury, speaking for the Royal Law Government, recently told the House of Lords that a considerable increase in the Air Force is now necessary.

Englishmen have been wondering what turn the increase might take.

The answer is a new metal plane according to English flying circles. This ship is described as "a monster required to carry a heavier load to a greater height, and to fly faster and for longer distances without abating, than any machine designed before."

The new ship will defend itself with machineguns, small quick-firers throwing explosive shells and with bombs.

This unusual power of defense is interpreted as a direct challenge to the menace of Continental fleets, pitiless planes. A single giant such as the English intend to produce could fly into a swarm of wireless controlled puppet ships and shatter them all, it is said, while they were crossing the Channel.

Accessory to these heavy machines will be the single seater in which Britain has never lagged. Slight mechanical improvements are constantly being made on the scout type of ship. Even now they are capable of sky-rocketing to tremendous heights, and of speedy maneuvering once the desired altitude is attained.

WORLD WONDER

What may become the eighth wonder of the world is described by the Melbourne, Australia correspondent of the London "Daily Herald."

An English officer on secret mission to the colony is said to have told of an airplane which will not only fly but swim above and below the surface of the seas and travel overland in the manner of a tank.

These crafts, the correspondent declares, are constructed in lonely spots over all the British Empire. They will carry the fourfold equipment of a plane, a submarine, a ship and a land vehicle. The machines are to be called Tessauros and the correspondent expects to travel home from Australia in one of them.

DEATHS FROM T. B. CUT ONE-HALF

Report to Tuberculosis Association Shows Tremendous Results

MILLIONS READY FOR TEST

Centers In New York Selected to Study Methods

SANTA BARBARA, Cal.—(United Press)—“The decline in the tuberculosis death rate from over 200 per 100,000 population to less than 100 is in large measure to be credited to the organized campaign against tuberculosis which has been carried on by the official and non-official agencies during this period,” said Dr. Louis I. Dublin of New York before the National Tuberculosis Association here.

Dr. Dublin maintained that the larger part in the decline of the tuberculosis death rate was due directly to factors under man's control and that with the development of these factors thru the anti-tuberculosis and other social agencies the death rate will be subsequently very much lower.

“Not all, but a large part, of the credit for the declining tuberculosis death rate can be assigned to the anti-tuberculosis movement,” said Dr. Dublin.

“What may happen in the future is indicated by the phenomenal drop in the tuberculosis death rate during very recent years, when the standard of living among wage earners rose sharply.

“Better homes, higher real wages, more time for rest and recreation, and intelligence to utilize to the full these helps to better health, have reduced the tuberculosis death rate of the wage-working population after the war.”

TEST PLANNED

Application of scientific management to public health work was advocated by John A. Kingsbury of New York, who also announced that the Milbank Fund, of which he is the director, is completing plans to spend between \$300,000 and \$500,000 annually for the next five years in New York State in co-operation with the health authorities in an effort to reduce the death rate for all causes.

Cattaraugus-co has been selected

as typical rural and urban area, and Syracuse as a typical city area in which intensive demonstration will be carried on. A district of 200,000 population will also soon be selected in New York City. In these three areas of 600,000 population, the Milbank Fund will carry on the largest and broadest health demonstration ever attempted in the United States.

Commenting upon the plans for the demonstration, Kingsbury said: “In the course of the next five or ten years, in these typical American communities, we shall endeavor to determine the extent to which the general death rate can be further reduced and which disease most rapidly yield to the intensive efforts which will be exerted.”

A Letter from a Self Made Mapl-Flaker to His Son

Dear George:

Now that you're out "rassling" the world to take a living away from it, your Ma and I are squirming on our ringleads seats, wondering if you know a hammerlock from a half Nelson - and whether you think the rules of training were made to keep or to break.

It was no fool, George, that wrote "early to bed and early to rise" -- you'll find it a pretty good rule to follow. And if you'll present that landlady of yours with a box of Mapl-Flake so you'll never fail to get a big dish in the morning, you'll find yourself stepping off the front porch with lead-me-to-it-it-is-good-as-good-as-two-men-to-day feeling that will put that silver lining in your pocket before you know it.

I've learned a lot in 54 years, son. I hold no stock in the Mapl-Flake business -- but I do know that wheat is the "stuff of life" and the bread that's in the whole wheat is "good for what ails me" -- and you too. That's how your Ma and I came to be "Mapl-Flakers."

We've got to have our bran every day -- Old Mother Nature can give the pill and dose makers tarads and aches and lick them at their own game. And we've found that in Mapl-Flake we get enough bran, and have good, delicious, nourishing eating.

It doesn't make much difference, George, whether you sit at a desk or swing a shovel, whether you "rassle" ideas or men, you've got to put real fuel in the boiler and shovel out the ashes regularly if you're going to get up a big head of steam and test your whistle so people can hear it.

Go to it, son. Put honest-to-goodness food under your belt, get in nights and out daytimes, and you can't lose. Love from Ma and me.

contented cows”—Carnation Milk is simply whole cows' milk with about 60% of the water removed by evaporation. It is hermetically sealed and sterilized.

Thus nothing could be purer. And nothing in the world could be more nutritious—

for nothing is added and only part of the water removed.

Every day, as more and more thousands of women come to realize just what Carnation is, its great success increases and the fame of its excellence extends.

contented

families from Canada to the Gulf, and from coast to coast, use Carnation morning, noon and night.

At the breakfast table, use it for creaming coffee, fruit and cereals.

In serving for drinking add one and a half to two parts of water—for Carnation is

twice as rich as ordinary milk.

Try it today. For luncheon, dinner or supper—in croquettes, souffles, sauces and gravies, in cakes, cookies and icings, in puddings, custards, ice creams and all manner of desserts.

It is just pure milk “from contented

C O W S ”

CHICKEN CROQUETTES
2 cups cold cooked chicken, seasoning, 1 tsp. parsley, 1/2 cup Thick White Sauce. See recipe below.
Grind or chop chicken fine. Lemon juice, onion juice and celery salt may be used for seasoning if desired. Add chicken to Thick White Sauce, cool and shape. Roll in bread crumbs, then in slightly beaten egg and again in crumbs and fry in deep fat. Drain and garnish with parsley. This recipe serves six people.

THICK WHITE SAUCE
4 tbsp. flour, 2 1/2 cups butter or substitute, 1/2 tsp. salt, 1/2 cup water, 1/2 cup Carnation Milk.
Melt butter or butter substitute, add flour and stir until thoroughly mixed. Add the milk diluted with water and cook about five minutes or until the mixture thickens, and add seasonings.

THIN WHITE SAUCE
2 tbsp. flour, 2 cups butter or substitute, 1/2 tsp. salt, 1/2 cup water, 1/2 cup Carnation Milk.
Prepare same as Thick White Sauce.

CHOCOLATE ICING
1 cup sugar, 2 tbsp. Carnation Milk, 6 tbsp. water, 1 square unsweetened chocolate, 1/2 tsp. vanilla.
Put milk diluted with water and sugar in a saucepan and stir well before boiling. Boil until a soft ball can be formed in water, then add the chocolate which has been melted over hot water. Add vanilla and beat until of right consistency to spread.
There are many other recipes as good as these in the Carnation Cook Book. Send for it.

MONEY DESIRE IS POISON CAUSE

Bluebeard Tragedies Recalled By Present Day Mysteries

MANY METHODS ARE USED

Seven Cases Have Been Seen In Recent Years

LANSING, Mich. — (Special.) — Two unusual crime stories at present, are holding the country's attention. One is in New Jersey. The other in Michigan. Both are alike in that the accused is alleged to have poisoned the victim for insurance money.

And these two cases recall, not alone the famous Bluebeard fable, which in itself must have been founded on fact, but other mysteries of real life, as well.

The history of crime in America is replete with tragedies of the Bluebeard hue. Poisoning of the victims for money apparently is as old as insurance companies themselves.

The two current crimes, which are not as yet been solved, are: Here in Lansing, Mich., where Mrs. Emma Kopple, 59, is accused of killing by slow poison Harry Brill, her foster-son, 12. An insurance policy of \$1300 in Mrs. Kopple's favor had been taken on the life of the boy shortly before his death.

CREIGHTON CASE
In Newark, N. J., John Creighton and his wife Mary, are alleged by police to have poisoned Mrs. Creighton's brother, Charles R. Avery. Police say a \$1000 life insurance policy on Avery was made out to his sister, one of the accused.

And these two parallel mysteries recall other sensational cases: **CHICAGO**—Mrs. Thelma Kilmek and her cousin, Mrs. Nellie Sturmer Kouluk, were charged with poisoning 3 persons. Mrs. Kilmek was given a life sentence, and Mrs. Kouluk is awaiting a second trial, the first jury having disagreed.

TWIN FALLS, IDA.—Mrs. Lydia Southard was sentenced to a term of 10 years to life imprisonment for poisoning her fourth husband, Edward F. Meyer.

WHITE CLOUD, MICH.—Mrs. Jeda Hodel, 20, was given a life

sentence for the poisoning of her invalid father-in-law, David Hodel. Others in the family were involved.

NEW YORK—Dr. Arthur Warren Walte, dentist, who was executed at Sing Sing prison in May, 1917, for the poisoning of his parents-in-law, John E. Peck and wife.

The other mysterious poison case is that involving the famous Indiana "murder farm." A series of murders were said to have been committed on a farm occupied by Mrs. Belle Guinness, who was thought to have been homesteading in Neville.

No one has been convicted as yet, nor has Mrs. Guinness been apprehended.

ANOTHER MYSTERY
But none has so startled the country as the Kopple case.

Police, to strengthen their prosecution against her as she awaits

trial, delved into her past, and claim to have uncovered eight other mysterious deaths in her home in the past 15 years.

The story runs that Mrs. Kopple came to Lansing from Deekerville, Mich., about 10 years ago. She became a landlady from Deekerville, and eventually took him in payment for a debt which the parents owed her.

Huddled in a cell at Mason, Mich., county seat, Mrs. Kopple denies her guilt and fastens the burden of the crime on a former boarder, who has been jointly charged with murder also.

The other deaths police claim to have unearthed were all of small children.

Middlings, \$2.60 per cwt. at City Feed Store.

LAZARUS GETS VERDICT IN BAKER'S WAGE CASE

A jury in common pleas court called Thursday to arbitrate differences between Gus Lazarus and Bill Bowers, bakers, found a judgment for \$137.50 for Lazarus. The verdict was unanimous.

Contention arose between the two bakers over wages alleged to be due Gus. Both men are Greeks, it is stated.

INFANT MOENING DIES.
Rita May Moening, aged 7 weeks, daughter of Mr. and Mrs. Lawrence Moening, 1065 S. Metcalf-st., died of complications at 8 a. m. Friday at the family home. Funeral services at 7:30 a. m. Saturday at St. John's Catholic church. Interment in Gethsemani.

BANK STOCKHOLDERS MEET
Stockholders of the Lima Dime Savings Bank will meet in the offices of the bank at 7 p. m. Friday to complete details of an increase in capital stock allowed by the state superintendent of banks. Capital was increased from \$50,000 to \$100,000, which was oversub-

OVERWORKED MOTHERS

We all know them. Mothers who in their anxiety to keep their homes neat and attractive and their little ones as well dressed as their playmates, toil on day in and day out, reaping, dusting, mending and cooking, often suffering from backache, pain in side, headache, nervousness, sleeplessness, all symptoms of more serious ailments. Thousands of such women have found relief from suffering by taking Lydia E. Pinkham's Vegetable Compound, as is evidenced by the letters of recommendation continually being published in this paper. For nearly fifty years this old-fashioned root and herb medicine has been restoring ailing women to health and strength.—Adv.

scribed, according to Ira E. Wagner, president. Original and new stockholders will attend the meeting.

BANISH NERVOUSNESS

IRISH PEACE IS SEEN AT LAST

Seven Years of Fighting Give Way to Tranquility

MANY WORKERS UNEMPLOYED

Budget Deficit Disappears As New Citizens Pay Taxes

DUBLIN—(United Press)—Ireland at last faces an era of peace and Irishmen, official and unofficial, believe that the Free State is already on the road to prosperity.

After seven years of successive rebellion, civil war, the problems of the country are those of ordinary government—finance and economics.

Eighteen months ago there was no government in southern Ireland. A year ago there was a government. Today the Republic movement has collapsed, and a stable Irish government is planned for the future.

During the last 18 months, Cosgrave and his followers had to build up an army, police organization and a financial fabric of government.

"When we took over the business of government there was little but a local government department and an army headquarters."

"Now, if the people change the government the machine is there. Whether the new government is a capital or labor one, or a combination of the two, the machine is there."

There are tens of thousands of unemployed men and women. There are 15,000 Republican prisoners in Irish jails. There is an over-large army, whose surplus must be assimilated into civil life. All these classes of men and women must be absorbed back into industry.

There is a prospective deficit of from \$50,000,000 to \$75,000,000 in the budget for the current fiscal year. A loan of \$125,000,000 must be floated shortly. Rebuilding must be begun after the years of destruction of houses, factories and rail ways.

Those are some of the difficulties. On the opposite side of the ledger may be cited some of the brighter aspects of the situation as Irishmen here see them.

The budget deficit is caused by the past necessity for a big army, and by the payment of compensation for destruction of private property. Rebuilding is expected to start immediately, and will help to absorb soldiers, political prisoners and unemployed. Only 6 per cent of arable land is under cultivation, and steps which are already being taken to increase this percentage will increase employment. When bills are paid Ireland will be practically without debts.

PAYING TAXES
But the most encouraging feature of the whole present situation is that Irishmen for the first time in their lives are willingly, even gladly, paying taxes.

According to Free State officials 7 per cent of taxes is being collected. Of between \$30,000,000 and \$75,000,000 of arrears of taxes, about \$15,000,000 have been collected since the Free State started to function.

As to the loan to be floated, the government hopes to place every dollar of it in Ireland itself. It will be used partly toward paying for the private property destroyed—the total bill for destruction has been estimated at from \$125,000,000 to \$200,000,000. When this compensation has been paid the loan itself will be almost Ireland's sole indebtedness—\$125,000,000 for a nation of over 4,000,000 people.

FAUROT BICYCLE CLUB MAKES DRIVE TO RIVER: HOLD ATHLETIC EVENTS

Members of the Faurot Bicycle Club, under leadership of J. M. Faurot, playground supervisor, drove to Roundup farm, on the Aug. 12th river. Thursday, when the club held a picnic and held competitive bicycle events. Twelve boys and the trip.

Winners of the day's contest were: (Leon) Point William section Robert Bates. The team, composed of William Bates and Robert Bates.

These clubs are open to any boy in the city. Faurot stated that the club will be more than 12 miles in length. Faurot is contemplating a hike to South Creek for next week he said.

Plans are under way for the organization of an indoor baseball league among youths of the city. Boys of the town will meet Friday at 4 p. m. at the McKinley playground for organization.

PROTECT POOR, IS BERLIN PLAN

Vigorous Enforcement of Anti-
Profiteering Law Attempted

SHIELD TO WORKING MAN

Officials Not Worrying About the
Bejeweled Woman

BERLIN. — (United Press) — Germany's anti-profiteering law and its army of enforcement are concerned chiefly with the shielding the man with the overalls and his frau. It doesn't worry much about the bloated newly-rich living luxuriously on Kurfuerstendamm.

"We aim to protect the working man and his family," said Regierungsrat Hinkle to the United Press. "I don't worry so much about the bejeweled woman who sends her cook down to the market to buy early strawberries at a few thousand marks a piece. I'm more concerned with seeing that profiteering dealers don't try to charge the mill-worker's frau a few hundred marks extra for her scanty piece of meat which she can afford to have only once a week or once every two weeks."

The Wucher police—profiteer police—center much of their attention on the great cattleyards in east Berlin. Every morning before the slaughtering starts a special board deliberates as to the percentage of profit which may legally be charged. The police watchers then ascertain whether the day's regulations are being followed. If not, the dealer gets a very heavy fine—or in some of the more flagrant cases, a prison sentence.

"We have found it very effective, sometimes, to give a pall term. For instance, coal dealers sometimes tell their customers they have no more coal. These men are simply waiting for the government to make one of its periodic increases in the official coal price, since thereafter they can sell old coal as well as new at the higher rate. With these men, we apply the law which takes away for a period of three months their selling licenses. That makes a dealer watch his step."

The profiteering police have regulations intended to limit the number of traders. Each trader must have a license to do either wholesale or retail business, as the case may be. One old woman at the open-air market ran foul of the wholesale license law because she sold, unknowingly, to a retailer thirty eggs. The court held that nobody nowadays could afford to buy so many eggs all at once, hence she should have known she was doing business with a retailer. She got only a nominal fine, as her business associates said she was always an honest trader.

Relieve scalp
irritations with
Resinol

Eczema and dandruff are among the most frequent causes of baldness and too much care cannot be exercised in getting rid of them. The Resinol treatment is an easy method.

Shampoo with Resinol Soap, working the lather well into the roots of the hair. Rinse thoroughly and when wholly dry, spread the Resinol ointment. If done carefully little ointment will get on the hair. Ask your druggist for Resinol.

"Beyond compare for scalp and hair"

Good to the last drop

After all, the only way to know that Maxwell House Coffee is "Good to the Last Drop" is to taste it. The first taste forecasts an empty cup.

OPEN LETTERS

To the Weather Man

OLD TOP: You are going a wee bit strong, old man. I have only one more suit of B. V. D's until next week's wash comes rolling home. Ninety is too fast for our asphalt streets, and 'tis playing hob with my young grass. But when you shot 'er up to ninety-six and ninety-eight, I must ask you to hold 'er Newt.

LIMA BEANE

To His Excellency, Mr. Harding

OUR DEAR PRESIDENT: It is with keen interest, yet sadness, I note your sale of your splendid Ohio paper, The Marion Star, which has been as a hall mark to your character. No publication in the state has stood higher in the annals of journalism than has your Marion Star. Ever clean in thought and powerful in purpose, it has been a guiding star as well as a newspaper name.

To the Republicans of Ohio The Marion Star has been for a quarter century the last word on party policy. I remember well your statement to me when in the Senate, that you found it easier to run the country in the sanctum of The Star, than in your seat in the Halls of Congress. Yet do I find your administration has been even as along your newspaper career, a cleaving toward what is right, what is just, what is upbuilding, and your bravery learned with the pen has been further exemplified with the sceptre of the greatest republic in the world.

I regret your departure, as it will be departure, from the ranks of Ohio journalism. But the impress you have left, will be the text book for Ohio journalists who follow after you into infinity.

LIMA BEANE

To the Board of Commerce

DEAR JIMMIE: Note your worthy effort to get finances in shape and put on a pay-your-bills campaign. Every city needs a Board of Commerce, and with the splendid clientele available in this city your efforts should meet with prompt response. Lima is just beginning to hit her stride. In seven more years we will top that 75,000 population mark. You can't run a 1923 Board of Commerce on a 1910 income. And that bunch you have around you will find a way.

LIMA BEANE

To Dr. Yingling, High Lion Tamer

DEAR DOC: It's a lively bunch to handle, old scout, but you should be able to do so. If no other plan suggests, try cocaine on the roarin' beasts. Dr. Johnson is there to back you up, and if he slips and a cub runs over him, there's the ever gracious Rev. Bruce Jacobs at your side. Here's to a good year for the Lions Club, and its worthy president

LIMA BEANE

Hello, Packard-Baxter Eight

MESSIEURS DISTRIBUTORS: While I never hope to get into the six or eight gas burning circle, in my little Henry, let me welcome to my newly paved and otherwise streets, your latest Packard eight. Over my streets run the best that motordom can produce, and I bow low to the new one you will distribute. While I shall always remain in the Timmy class, yet have I dreams of Oaklands, Jewetts, Chevrolets, Paige, Buicks, Essex, Nashes, Willys, Knights and Overlands, Cleaveland, Lexington and Haynes, Hudsons and Cads.

'ROUND LIMA HOUR BY HOUR

WITH APOLOGIES

By OH. OH. JACK NIRM
A Page from the Diary of an
Antiquated Reporter July 1st

ABE MARTIN

It's dangerous business to even talk of a motorman that's running a street car on a town track, it must be awful hazardous to hug an auto driver. Experience is a great teacher, but he don't seem to be gittin' any where with Russia.

from a night thru Turkish bath. As liquid as Mackin ever give dreamed I a fish was, seeking a did. Belowstairs to breakfast on dock melon and toasted bacon. Old sol hitting ninety per cent. Tired to the point by Answorth Kable, the popular and twitter and banker. On the public square, bowed in fine friendliness to Neddon D. J. Cable, and Kent W. Hughes, the noble club and charity workers. Met Bert Oglesbee, of the W. I., the only business biron who can do be mess on tick. On a corner, discoursed on the still scarcity of realtable homes, with John Boove, the realtor. And this despite the brave building of Messours Bentz, Fletcher, Baylis, Kommrusk, et al Well, well, and here comes cheery computable, genial Dr. W. L. Neville, oozing health from his Flor da rejuvenation. No better was ever raised on lithium powder.

These two hours and brave days in Lima's Park Row. The two news-piper plants are located exactly opposite one another. So, around 2:30 newspaper folk are keyed to highest peak. The editors, linotypers, the up men and reporters are at nth degree tension. Then they pass along the tension to the stereotypers and the pressmen. The hum

of activity in those departments, like a whirling sand storm of the desert. The two managers are so near one another, they can hear the snort of their own and competitor's presses. A tremble of the floor, and the one knows his own press is under way, the flicker of the incandescent as the power is thrown on, warns him the other is under way. As the great rolls of white paper start to revolve against cylinders travelling at mad-cap pace, four hundred newsboys start telling the city, in a mad dash away, that the news of the day is ready. And without interruption to the street merchants, motor trucks run wildly to tram or and poste, telling all northwestern Ohio, what happened in Lima and over the world. Newspaper life is a fast, wonderful, awe-some grill, and high strung nerves crack in the sanctum as they crack in the pell mell of banker or brokerage office.

Went into a cleanew today, and met with a kindness seldom offered in these days of high wage and low return. They didn't clean hats, no; but she would see that it was taken to Pittila's, and returned with the other garments. That's service. Strolled down for a five o'clock, and thence home and to bed.

THE GENT WHO VOLUNTEERED TO HOLD THE BABY AWHILE

JUST FOLKS

BY EDGAR A. GUEST

ADVENTURE
He holds a little fellow's hand
And walks with him across the land.
They seek adventure. Not the kind
Which men of battle hope to find,
Not the cold hardships and severe
Which rise before the pioneer,
But something new and quaint to
see—
A bird's nest in a friendly tree,
And where the ground is cool and wet
Perhaps they'll find a violet.
Their talk is not of fame and gold,
Or treasures they can grasp and hold,
But speech that's tuned to gentler
things—
The pattern of a blackbird's wings,
The curious pictures in the sky
Fashioned by clouds which hurry by.
Their fortune is a lovelier yield—
A wealth of daisies from a field.
Beneath a tree they rest and hear
The chatter of the robins near.
And home they come, still hand in
hand,
Gay travelers from a distant land,
To tell the stay-at-homes the fun
Of all that they have seen and done.
Age and a child—a happy pair—
Can find adventure everywhere.
(Copyright, 1923)

THANKS, SULLIVAN!

We Usually Get Brickbats

LIMA NEWSPAPER SITUATION.

Quite a change has taken place in the newspaper situation at Lima. The Republican-Gazette, which has occupied the morning field for the past thirty-five years, changes to the evening field and thereby becomes a direct competitor of the Daily News. What induced the morning paper owners to take the step is not made quite clear to the wondering public, although men in all branches of trade are supposed to know what is best for their concerns. If the Lima afternoon field had not been covered in a most complete and satisfactory manner, the new arrangement might not occasion so much wonder and comment. However, as it is none of our business, we leave the editors and publishers of the Allen county metropolis free to work out their own salvation. While the Lima Republican-Gazette has always appeared to be a prosperous concern, the fact is that there are very few morning newspapers which show a balance on the right side of the ledger. They are usually losing ventures, and many of them have disappeared from the

field of journalism for that very reason. The Lima Republican-Gazette has been one of the very best morning newspapers in any city of the size of Lima in the country, and if it could not succeed, financially, there is very slight chance for any of them to weather the storm. We shall surely miss it as a most welcome morning visitor on our exchange table.

The Lima News, under the able and skillful management of Roy Galvin and his associates, has built up a tremendous circulation for a city the size of Lima, its clientele extending to and covering territory far beyond the usual limits of the smaller city dailies. The News has been a prosperous institution ever since it came into the possession and under the control of the company which now directs its affairs. It crowded the Lima Times-Democrat out of the running and swallowed up that newspaper without a struggle. It will probably continue to move along just as the nothing had happened. And here's hoping that both the News and the Republican-Gazette shall live long and continue to prosper. St. Marks Leader.

LIMA NEWS HEALTH SERVICE

Signed letters pertaining to personal health and hygiene, not to disease diagnosis or treatment will be answered by Dr. Brady if a stamped, self-addressed envelope is enclosed. Letters should be brief, and written in ink. Address letters to Dr. William Brady, care of The News.

—BY DR. WILLIAM BRADY—

SYMPTOMS DUE TO EYESTRAIN

Practically all of us have eyestrain (irregularities in the shape of the eyeball). Rarely is an eye perfect in its refraction. Yet only a few of us suffer from our defects of vision, just as with loose kidneys and puffed or sagging stomach. One never knows whether his kidneys are anchored or jouncing around—unless one happens to have a lowered resistance. (Lowered resistance is more quibbly, we must admit, we haven't the slightest idea know why Smith's resistance is lower than Jones', we just know that Smith doesn't endure little troubles as well as Jones.)

A gentleman suffered from redness and irritation of the eyes and lids after reading for any length of time. His vision would blur when his eyes were used for work. He visited a merchant optician who found that the man's eyes were far from normal. Glasses were fitted. No better. Glasses changed. Still no better. The gentleman decided to consult a doctor. Eye doctor referred him to nose doctor. Nose doctor drilled a little hole in one of the nasal sinuses, evacuated some matter, and immediately the gentleman's eyes regained their natural appearance.

Eyestrain is no child's play. It takes a mighty good oculist to de-

termine whether symptoms are really due to defects of vision. Headache is a symptom of a great many different troubles. A few cases unquestionably depend upon eyestrain and are relieved or cured by glasses.

A tendency to squint or narrow the eyes, to grimace or twist the face unconsciously, when using the eyes, a sense of fatigue and soreness (not headache or pain) in and about the eyes after prolonged use reddening of eyes and eyelids without apparent cause, sometimes dizziness, and very lately nausea or other stomach disturbances, are more likely to indicate eyestrain.

BATTLE AGAINST DEATH WAGED

Scientists United in Plans to Cut Mortality Rate

400,000 DIE UNNECESSARILY

Data Shown at Tuberculosis Association Convention

SANTA BARBARA, Cal.,—"There are over 400,000 deaths in the United States every year from preventable diseases," said Dr. William F. Snow of New York in addressing the National Tuberculosis Association today. "The death rate from such cases as tuberculosis, syphilis, gonorrhea, infantile diarrhoea, typhoid fever and others have declined largely as a result of the application of scientific knowledge and community organization. The next forward step in further saving in this country must come thru more effective coordination of existing health agencies."

"In addition to the officially constituted health officers in various states and cities throughout the country, there are from twenty to fifty different voluntary health agencies, each striving to get over a particular program. To reduce the death rate from preventable diseases to a practical minimum there must be a getting together of these organizations."

WAS TOLD HE WAS PAST HELPING

Then Found the Plant Juice and Says It Has Given Him Relief HAD BAD STOMACH TROUBLES

"I was told that my stomach was ulcerated and that there was no relief for me and I had suffered so long that I almost believed this was true and that my case was hopeless, but since I have taken your Plant Juice a wonderful change has come over me so that I am able to eat almost any kind

ERNEST R. BYERS

of food I want and I will never be able to thank Plant Juice enough after what it did for me."

These were the grateful words of Mr. Ernest R. Byers, of 2330 Chestnut St., Fort Wayne, Indiana, during a conversation with the Plant Juice Man recently. Continuing, he said:

"I tried nearly everything but I could not get relief," Mr. Byers continued. "For a long time my stomach was in such condition that I existed entirely on liquids for eating meat or anything solid was simply out of the question. My stomach soured and I had terrible heartburn; my bowels were always constipated so that I had to take physics continually; liver was inactive and caused bad headaches. I also was nervous and slept poorly and felt completely worn out—without any ambition or strength at all. I was getting so run down that I was afraid I would have to give up my job."

"I read so much about Plant Juice that I started taking it and I'm sure glad now for it has made a wonderful change in me. I have a good appetite and can eat meat, potatoes, beans or almost anything without distress afterward—no more sour stomach or heartburn. My bowels are regular; liver works properly and the headaches are gone; nerves are quieted so that I sleep soundly. I feel better and stronger in every respect and can work 12 to 14 hours a day now without getting tired out."

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold also in Lima at Hunter's drug store at Main and Wayne sts., and at the Argonne drug store opposite Post Office—Adv

BY GERTRUDE GILLHAM

"The Truth About Wives" Is Sigma's Attraction

BETTY BLYTHE'S latest starring vehicle, "The Truth About Wives" appears, until Monday at the Sigma theatre, not only gives her wider range for emotional interest and fashionable gowning, but presents an array of names prominent on the stage and screen. Tyrone Power, fresh from his triumphs in John Barrymore's "Hamlet," portrays the millionaire. Ann Luther, William Carleton and John Murphy are also seen in the excellent cast.

"The Truth About Wives" tells the dramatic story of Helen Frazer who is reared in affluence and marries a man of her own social position to please her mother. Alfred Emerson, a rising young lawyer who had long loved her, and Howard Hendricks, an elderly magnate, who had asked her hand in marriage, are both bitterly disappointed.

Hendricks does not give up his efforts to win her, and uses all his wealth and power to force her to come to him. Helen's husband, Harold Lawton, turns out to be a weak character, and Hendricks secretly encourages his dissipation.

"The Woman Who Fooled Herself" Opens Saturday

"The Woman Who Fooled Herself," announced as the feature attraction at the Lyric theatre beginning Saturday, claims many interesting distinctions. In the first place, it is the first of a series of pictures produced for Associated Exhibitors by Edward A. MacManus from original stories by Charles A. Logue.

Secondly, it co-features May Allison for the first time with her husband, Robert Ellis. Also, Miss Allison plays her first heavy dramatic role, proving that she is as great an emotional actress as she is a comedienne. And last, it was produced

Much Interest Is Shown In "Why Men Leave Home"

ADVANCE seat sales for the coming production of "Why Men Leave Home" can be taken as a criterion the Hawkins-Ball Stock Co. is assured of the biggest success during the six weeks it has been in Lima. There are many reasons for the interest which is being shown in the coming attraction. First, it is the first showing in stock organizations of this famous New York hit of last season and second, because of the unlimited publicity this piece has been given throughout the country. Critics have been unanimous in their praise for "Why Men Leave Home."

The stock rights for the production have been limited to only certain territory as two road companies are to be sent out on this coming fall. As Lima is not listed in the route, the management was able to secure it for a week's showing.

The story which was written by Avery Hopwood, deals with two wives of three men and a young woman about to be engaged, who, on returning from Europe following a rather gay social career, are surprised to find their husbands have not been idly awaiting their coming, but have themselves endeavored to pass away the vacant hours as best possible. Hopwood has conceived many interesting as well as laughable situations in the developing of the plot of "Why Men Leave Home" which is promised to be one of the most pretentious comedy-dramas in the Hawkins-Ball repertoire.

Starting Sunday and remaining all week at the Faurot Opera House, with matinees on Sunday, Wednesday and Saturday.

and speculations until Lawton has done away with his wife's fortune and has embezzled from Hendricks the sum of \$25,000.

The iron hand of the millionaire then descends upon Lawton, and he offers to the guilty husband the alternative of going to jail or, if given a year to make restitution and tilling therein of having his wife divorce him and marry Hendricks. Lawton eagerly grasps at this avenue of escape, and Helen, for the sake of her child, becomes a party to the agreement.

A year of dissipation ensues for Lawton, and he finds himself deeper in the mire. In desperation, he calls upon Hendricks at his home, and in the heated argument that ensues he kills his nemesis. In the struggle, however, he loses his wife's wrist-watch, which he had been wearing, and this forms the clue upon which Helen is accused and brought to trial.

There is a satisfactory ending when Lawton finds some of the quality of his ancestors, clears Helen and destroyed himself, and Helen and Alfred are free to enjoy their long-deferred happiness.

on the beautiful tropical island of Porto Rico, which is virgin soil for photoplay production and therefore offers to the screen some new scenic beauties.

Eva Lee, a vivacious chorus girl, is "The Woman Who Fooled Herself," a conclusion she arrives at after playing with the heat of an enemy and finding that she loves him. The locale of this fascinating story of love and intrigue is New York and Porto Rico. Scenic features of the production are the huge night street carnival, the magnificent cabaret, the terrific tropical storm and various phases of plantation life.

AT THE SIGMA

Betty Blythe stars in "The Truth About Wives" appearing for the initial times today at the Sigma theatre. Also comedy and Sigma News.

AT THE LYRIC

Leatrice Joy, Richard Dix, John Powers, Louise Lovely and Irene Rich make up the all-star cast in "The Poverty of Riches," the Lyric's attraction for the last times today.

AT THE MAJESTIC

Appearing again today at the Majestic, Agnes Ayres in "The Daughter of Luxury." Added features.

AT THE FAUROT

Hawkins-Ball Stock Co. offers "What's Your Husband Doing?" at the Faurot Opera House.

ROBERT KING PASSES LIFE SAVING TEST

Robert King successfully passed the Senior Red Cross life saving examination at the "Y" pool, Friday. The examination was conducted by Roy Armstrong, of the physical training department.

Examination of six boys for the Junior Life Saving corps, scheduled for Friday, was postponed to a later date.

FIRM TO BUY NEW BUS

The Lima-Elida Transportation Co. of Lima, has applied to the public utilities commission for permission to issue \$1,500 in common stock for the purchase of a bus, according to information from Columbus Friday. Brice Morris of Elida is owner of the company which operates bus line between Lima and Elida.

DELPHOS NEWS

EAGLES INITIATE, LAY PLANS FOR BIG PICNIC

Delphos Aerie P. O. Eagles discussed the proposed annual picnic after initiating a class of 30 candidates, Thursday night. Final arrangements have not been made, but the outing will be held sometime in August. Over 1,000 Eagles and their families from Delphos and vicinity attend the picnic each year.

Thirty candidates were given degree work by the Delphos team. Another initiatory event will be held in two weeks, it is announced.

WAPAKONETA REDS PLAY AT DELPHOS SUNDAY

Delphos fans will again have an opportunity to see the local American Legion team in action Sunday at the Clay-st grounds when the Wapakoneta Reds appear for the first time this season. It will be the first game here since that 2-0 defeat by Hicksville two weeks ago.

The Auglaize-co. club will show either Neumeier, a local product, or a college pitcher on the mound. Tilt on will work for Delphos.

PLANS FORMING SLOWLY FOR DELPHOS BOXING BOUT

Negotiations for a main bout between Francis Mason, Ft. Wayne, and Phil O'Dowd, Columbus, independent day on a card at Delphos are still in a formative stage, Manager Joe Scherger announced Friday. The committee in charge of arranging the boxing show is proceeding cautiously, with the view of reducing misunderstandings to a minimum.

PHYSICIAN WINS VERDICT IN COURT AT DELPHOS

Dr. A. E. Jones, Bellecenter physician formerly located in Delphos, was awarded a verdict for \$150 by a jury in the court of justice of the Pease D. M. B. B. Thursday afternoon. He sued Otto Kechner, Sugar Creek, for treating a broken jaw. The case had been decided in Jones' favor in Delphos court more than two years ago, but the defendant appealed on error and the case was again remanded to the justice court. Ownership of an auto which was attached to pay the amount of a suit was in question, but it was decided Thursday that it belonged to the defendant and not to his father, Harvey Kechner.

DELPHOS ODD FELLOWS EXPECT MANY VISITORS

Members of the order in Van Wert, Spencer, Van Wert, Middleport, Lima and Elida have been given invitations to attend annual memorial services to be held by Delphos Odd Fellows Sunday at 2 p. m. at Presbyterian church. Rev. Whelding, of Gomer, will preach the memorial sermon.

Special music is being arranged for the occasion. J. R. Williams will be the soloist.

WORK IS STARTED ON NEW IDELVILD CLUB

Rebuilding of the Idlewild clubhouse, destroyed by a fire of mysterious origin in January, was started Friday. The new structure will occupy the same site along the banks of the Auglaize river, five miles northeast of Delphos.

The new building will not be as pretentious as the first, members of the club declare. It will be one-story in height, with one large central room and several smaller ones. The first building was a two and a half story affair. The construction work is being supervised by Charles Steiner.

LIFE RAFT TO BE ADDED TO SAFETY EQUIPMENT FOR SWIMMERS AT HOVER LAKE

With a life guard stationed at Hover lake, and a life boat in readiness, only the anchoring of a life raft remains to make the local reservoir safe for swimmers, C. L. Conrad, chairman of the life saving committee, stated Friday.

James Steiner, son of Dr. and Mrs. Frank Steiner, was sworn in as official life saver by City Manager

DELPHOS SOCIETY

Members of the J. T. club were entertained at the home of Mrs. Joseph Holderle, S. Jefferson, Thursday afternoon.

The fore part of the afternoon was devoted to playing pedro. Mrs. David Sudmoller received the first prize and Mrs. John East was second.

A very interesting contest in which Miss Frank Stegman was successful was held later in the afternoon. Toward the close of the afternoon a delicious two course luncheon was served by the hostess. In two weeks Mrs. Elmer Stevick will be hostess to the club at her home on W. Sixth-st.

Regular business meeting of the Eastern Stars will take place Friday evening in the Masonic Hall, N. Main-st. After the regular business of the order the candidates will be initiated.

Ladies of the Methodist church will conduct a bake sale at the Gas Office Saturday June 23.

Womens Bible class of the Presbyterian Sunday school will hold a meeting at the home of Mrs. J. H. Neider, W. First-st., Friday evening. Assistant hostess at this meeting will be Mrs. E. E. Mauck.

Delphos people attended a social event given Wednesday evening by Mrs. George Rieger, when she entertained the Birthday club at her home in Ottaville. The early part of the evening was spent in playing cards. The Lois Sallet receiving the honors. In the contest which followed Mrs. Alex Odenweller was the successful contestant. A delicious luncheon was served.

Members present were Mrs. Henry Petrin, Mrs. Nicholas Laurer, Mrs. Anthony Weber, Mrs. Alex Odenweller, Mrs. Edward Odenweller, Mrs. J. C. Wannemacher, Mrs. Alex Waner, Mrs. Lois Sallet, Mrs. Frank King, Mrs. W. T. Remlinger and Mrs. George Rieger. Mrs. John Wurst and Mrs. Anna Kramer were guests.

Members of the Fortnightly club moved to the Idlewild club grounds Thursday afternoon for a picnic.

The forepart of the afternoon was spent in playing bridge. Mrs. Ferd King was most successful. Games were enjoyed later in the afternoon. Mrs. J. DeFrane, Lima, was the only guest present at the meeting. A delicious luncheon was enjoyed later.

Many were present at the social given by the Ladies Aid society of the Lutheran church Thursday evening. The social took place on the church lawn. The ladies also conducted a parsel-pot looth. Ice cream was served.

ONE-ARMED PITCHER IS MASTER OF DELPHOS TEAM

Recent slants of Harvey Williams, one-armed slab artist, proved too much for the Delphos Traveling Baseball club Thursday afternoon. The pitcher, when it was defeated by Rushmore 6 to 4.

King, Swick and Wulffhorst did the heavy work for Delphos. Hunt and Williams' battery made a fine team. The game was a feature of the ninth annual school reunion at Leatherwood Congressman John Cable from the fourth Ohio district, delivered an address.

Contests, music and other forms of diversion were on the program. A big picnic dinner was spread. The attendance was estimated between 700 and 800.

Tax collections were heavy Thursday it was reported by H. E. Boklin, treasurer of Allen-st., who opened his books at the People's Bank in Delphos. A total of \$13,000 was taken in. The treasurer was at the bank again Friday.

Bingham, Thursday, Conrad reported, and resumed his duties at once. Livingston Burdette, No. 4 Olmedo-pts, will take the examination for life saver at the "Y" pool Friday at 3 p. m. Conrad stated. The second examination is conducted with the view to having available a reserve life guard. Burdette is a graduate of Central High.

Science is a merit badge scout and member of Troop 6.

BOY SCOUTS WILL HOLD MEETING ON SATURDAY

Local scouts will meet Saturday at headquarters at 8 a. m., under the leadership of K. Bond, C. L. Conrad, scout executive said Friday.

Decision as to whether the scouts will hike to the test camp at the Mullenhour farm or go on an exploration trip will be left to the scouts he stated.

Conrad and Mrs. Conrad, accompanied by W. A. Pfum, will go overland to Dayton, Saturday. Conrad will inspect the scout camp at that place. From Dayton he will go to Columbus, where he will make a similar inspection of the Columbus Scout camp.

LAVA IS COOLING

Mount Etna Streams Are Slowing Down Considerably

CATANIA.—(United Press.)—Etna's lava flows are cooling and have slowed to a snail's pace. Less than six yards an hour now is covered by the molten rivers. Another hamlet, Montesanto is in danger of being engulfed, however.

Mussolini is here and the refugees from the buried towns are encouraged by his presence and are comparatively calm.

SAVED FROM FIRE

Yacht Is Burned But All On Board Are Rescued

NEW LONDON, Conn. — (United Press.) — Mystery surrounding the sighting of a burning vessel which a few moments later was only a tangled mass of wreckage in the sound, was solved today when its occupants explained their rescue.

Mrs. W. R. Wickham of Manti-tuck, L. I. and Mr. and Mrs. W. F. Cowles, of Hartford, Conn., were in the Cowles yacht Tawanal off the mouth of the Connecticut river when the boat caught fire. They

aped in a tender and were picked up by a passing yacht. The wreck, valued at \$25,000 was totally destroyed. The accident was reported at New London by a member of another yachting party who said the rescue but found no trace of the occupants. They reported that the launch had burned, believing the wreckage to be that of a high speed power boat.

GOUGERS AROUSE GERMAN IRE

Profiteers Get Little Opportunity To Holdup Prices

CITIZENS TAKE A HAND

Fines and Prison Await Violators of Protective Laws

BERLIN — (United Press) — With all the thoroughness of "German organization talent," the Teuton government is waging, with a veritable police army, a sharp battle against profiteers.

The police, the courts, and expert price-fixing commissions are locked together into an organization that is making life miserable for the greedy. Woe unto the shopkeeper who charges too much for his sugar, his butter, and his meat! Woe likewise to the coal dealer who holds back his supplies in the hope of higher prices.

The shopkeeper and the coal dealer, the big meat dealer at the central cattle market and the little trader at the open-air markets can be—and are—fined for their depredations, or, as it sometimes happens, they go to jail and have their places closed for three months after they emerge.

The German "Wuchergesetz"—profiteering law—is no respecter of persons. The bloated meat trader who figures in millions of marks at the Central "Viehhoft" (cattleyards) is given short shift, just as the old woman who sells eggs at the corner stand.

A word as to the organization of the anti-profiteering battle.

The "Wucher" police group is an outgrowth of the tremendous profiteering which arising during the war, has now become an almost general evil. In the first place, there is a price-fixing commission—the "Preisprüfungsstelle"—composed of merchants, manufacturers and representatives of the public. This commission takes into consideration prices paid originally for the overhead costs, the devaluation of the mark between the time of purchase and sale, and then establishes what percentage of profit may properly be taken for each branch.

Once this profit is set, the Wucher police task is mapped. They "go get" profiteers, turn them to the courts and the courts fine or imprison offenders.

TRIAL OF MAN ON CHARGE OF THEFT, TRESPASS, SET

Trial of O. W. Ross, Marion-tp farmer, arrested on complaint of J. M. Hooker, landlord, charged with stealing lumber and trespass, is scheduled for hearing before Justice of the Peace E. M. Botkin, late Thursday.

Ross pleaded not guilty when arraigned and was released on bond. Hooker charges that Ross, after removing from his farm, returned to the place and took flooring out of a hay barn.

The defendant admits returning to the Hooker place, but asserts that the lumber was his property.

LOCOMOTIVE WORKER IS INJURED BY FIRE HEAD

Bert Roush, 130 E. North-st sustained minor cuts and bruises about the lower limbs Thursday night when a fire head at a furnace at the Lima Locomotive Works fell, striking him.

He was removed to his home in an ambulance.

LIKE BAD PENNY.

LONDON.—A London business man left his gold-handled umbrella in a tube train nine years ago. The other day Scotland Yard notified him it had been recovered in a first-class carriage on a train operating between London and Colchester. The borrower had not taken the trouble of removing a band bearing the owner's name.

COUNTY AGENT URGES SPRAYING OF POTATOES

County Agricultural Agent J. W. Henceroth has sounded a warning that potatoes should be sprayed now. The potato leaf hopper and flea beetle is already infecting the plants, he says. Where these insects are bad, leaf burn and other diseases are worse.

He advises use of Bordeaux mixture in 5-7 1/2 and 50 parts. The leaves must be thoroughly covered and if aphids or plant lice are present Black Leaf 40 is to be used and arsenate of lead if potato beetles are manifest. Henceroth says sprayed potatoes yield as much as 96.8 bushels more to the acre than unsprayed potatoes.

HARVEST NEEDS HELD AS GOOD REASON FOR DELAY

Wheat harvest in Marion-tp, which is fast approaching, was given as cause for postponing a hearing of larceny and trespass charges against O. F. Ross, farmer, before Justice of Peace E. M. Botkin, Friday.

Ross is accused by John Hooker, landlord of taking lumber off his farm, and entering in upon the land, after the lease had expired.

KAISER TURNS TO BIBLE.
BERLIN.—Ex-Kaiser Wilhelm has submitted a new introduction to the Bible to the Evangelical Synod for its consideration. He holds the Christian creed has been corrupted by certain ideas that are purely Jewish.

BOY NOT FOUND

Search For Loyal Males By Police, Relatives Fails

Lima police and relatives of Loyal Males, 17, son of Mrs. Charles Males, 1230 S. Atlantic-st, who disappeared Sunday following an automobile accident at Delphos, were still baffled Friday in their attempts to locate the youth.

Faint hope was raised when word was received from Gallion, east of Lima, that a boy answering the description of young Males, was seen there, awaiting a train. But relatives Friday said they were certain that the boy at Gallion was not their son, because he had been cut and bruised and Loyal was not injured in the accident.

Relatives Friday expressed the belief that Males was struck on the head and his brain affected in such a manner as to make him forget his past life. This would account for his failure to send word home.

He is believed to have been seen near Delphos the day after the accident in which a train struck a car in which Males and Roy Neal, 18, of E. Pearlst were riding. Neal was injured and Males disappeared.

she has had the records of the army and navy departments searched.

Her son, Audrey Lucas, was vacationing in Munro Pier, Mich. when he disappeared. He was a good swimmer, as his mother believes, that unless an accident happened in the water, it was unlikely he was drowned.

MOTHER FAILS IN HUNT FOR BODY OF HER SON

CLEVELAND — Mother-love led Mrs. Alice Lucas of Detroit, to investigate the reports of all unidentified bodies in the Great Lakes region since the disappearance of her son in September 1921.

She left Cleveland today after investigating a report here that the unidentified body of a young man was found May 27. But with the same results that she had met during the last year and a half—failure.

In addition to attempting to find

her son among unidentified bodies, she has had the records of the army and navy departments searched.

NEW HAMPSHIRE MAN DIES.

American Legion of Waynesfield will have charge of the funeral services for William Thurman Hutcherson who died Thursday afternoon at his home in New Hampshire. Services will be held at the M. E. church in New Hampshire Sunday at 2 p. m. Interment in Walnut Hill cemetery.

Society News

As an artistic setting for an afternoon bridge party, the garden of the Theodore Michael home, 654 W. Market-st., proved most delightful. Hostesses at the attractive party given there Friday afternoon were Mrs. Julius Solomon, Mrs. Maude Mathews and Mrs. Theodore Michael. These women received their guests in the living room of the Michael home, which was almost a flower garden in itself. Roses, peonies and garden flowers of every description were placed effectively in baskets and vases throughout the room.

Twenty-five tables were arranged for the bridge games in the lovely garden and yard at the Michael home. At 4:30 o'clock, the hostesses served a two-course tea.

Mr. and Mrs. Frederick Brinker of Pittsburgh are the guests for a few days of Mrs. Brinker's father, T. E. Thompson, W. Spring-st.

Mrs. Frank Holmes is entertaining very informally Friday afternoon at her home on W. Market-st. Mrs. Holmes has invited a few intimate friends of Mrs. A. E. Clutter of Los Angeles, the house-guest of Mrs. J. D. S. Neely, S. Cole-st., for tea.

Mrs. H. L. Breckenridge held high score in the bridge games at the Shawnee Country club, Thursday afternoon. Eight tables were filled for play. Mrs. George Carter was hostess for the afternoon.

Miss Mary Angeline Lynch will be in charge of the card games at the club next Thursday.

Mr. and Mrs. Howard Miller, N. Jameson-av., opened their home Thursday evening to the members of their card club. Five hundred was the diversion of the evening and at the conclusion of the games, Mrs. Earl Leech was high among the women and L. H. Gushman was high among the men.

The hostess, assisted by her daughter, Miss Dorothy, served a two-course luncheon.

Thirteen members of the Tri Theta sorority enjoyed dinner at the Barr Hotel Thursday evening. The table had an attractive centerpiece of garden flowers, while the place cards and nut cups were of corresponding shades. Following the dinner, a theatre party was enjoyed.

Those who enjoyed the dinner were: Misses Ola Klinger, Edna Hawisher, Dorothy Hensler, Marguerite Krein, Esther Diehl, Caroline Miller, Lucille Burkhardt, Katherine Snyder, Velocio Harper, Bernice Purdy, Helen Hoegner, Mrs. Frank Mason and Mrs. Wilbur Higby, both of Toledo.

Mrs. William Lang was the only substitute in the bridge games at the home of Mrs. C. L. Steer, Lakewood-av., when Mrs. Steer entertained the members of the Ohio Bridge club, Friday afternoon.

Two tables were filled for the card games.

Miss Alvina Cardosi, W. Market-st., welcomed the members of the Zenda Shen club to her home, Thursday evening. At the conclusion of the five hundred games, Miss Clara DeCurtin held high score and Miss Alice Gonella held low. Miss Elizabeth Welch was an only guest.

Plans were made for the annual club picnic to be held at Russell's Point on June 30th.

SUSIE SMART'S ADVICE

Dear Miss Smart: I am a girl 18 years old. I am in love with a boy and it is not "suppy love," either. This boy has dark hair, used to go with another boy who is blond.

The blond is always asking me for dates and I don't love him as I do the darker one. I always refuse, however, it never seems to faze him as he always keeps on asking me. How can I find a way to stop his interference before it breaks up my friendship with the dark haired fellow I like?

So long as you continue to refuse the attentions of this blond and persistent youth it seems unlikely that he will endanger your friendship with the favored dark haired one.

I call it rather unfortunate that you regard your friendships with boys so seriously. You are too young to accept attentions from any boy at present. The sensible thing for you to do is to be a friend to both, but not in a sentimental way.

Dear Miss Smart: Please tell me how to can berries the cold pack way. If you do not have a recipe, perhaps you can tell me who has one.

I have looked thru my recipes rather thoroughly and am sorry I do not have the particular one you ask for. However, perhaps some of the readers of this column can help you in finding what you want. If the recipe is sent in to you, I will be glad to publish it.

Dear Miss Smart: Will you please print a letter that would be suitable to send after receiving wedding presents?

A form that would be used on any and every gift received would be so general and indefinite in its wording that it would be downright discourteous. Simply write a brief but gracious note of acknowledgment and thanks in such a way that the giver will know that it is his gift which you have in mind and no other.

You should have no more difficulty in acknowledging a gift sent at this time than you would any. The only difference is that in this case you will have a number of letters to write instead of only one.

Dear Miss Smart: Is there anyone in Lima who gives lessons on the Hawaiian guitar? What is the address of one of the instructors? I am very much interested in finding a teacher, as I am anxious to take lessons. I would greatly appreciate your assistance.

SOCIAL CALENDAR

FRIDAY EVENING
Mrs. Abner Jones entertains at tea, Elks home, 5 o'clock.
Miss Mary Roberts and Miss Mary Angeline Lynch, bridge party at Miss Roberts'.
Wisteria club, Mrs. B. O. Timball, covered dish dinner, 6 o'clock.
Mrs. Frank Holmes entertains at tea, at home.

SATURDAY
Women's Music club, Shawnee Country club, 1 o'clock luncheon.
Miss Lillian McKinney entertains at luncheon, Hotel Argonne, 1 o'clock.

Another affair in compliment to Miss Esther Kriete, bride-elect of John C. Williams, will be the bridge party to be given Friday evening at the home of Miss Mary Roberts, N. West-st., with Miss Roberts and Miss Mary Angeline Lynch, hostesses for the evening. Seven tables will be filled for the card games. Misses Roberts and Lynch will be assisted during the evening by Miss Margaret Lynch.

Guests who have accepted the invitation for this evening's party, are: Misses Janet White, Marion Cable, Rosalie Slagle, Catharine Galvin, Anna Bradley, Betty Moulton, Rosemary Christen, Mary Margaret Bourke, Josephine Purtscher, Dorothy Hunter, Sara Laughlin, Corinne Burroughs, Ruth Wells, Elizabeth Clark, Louise Ackerman, Jane Bentley, Hope Hollister, Helen Johnson, Margaret Lynch, Dorothy Kahle, Margaret McNeff, Pauline C. Jacob, Geraldine Maginn, Dorothy Roberts, Pauline O'Connor, Bernice Aldenderfer of Circleville, Mabel Isabel of Columbus, Mrs. Carl Neville, Mrs. J. C. Nagelson, Mrs. William Davis, Mrs. O. V. McMillen, Mrs. J. C. Atkinson and Mrs. Philip Flood of Elyria.

The marriage of Miss Ruth Hirsland, daughter of Mr. and Mrs. H. A. Hirsland, S. Atlantic-av., to Homer J. Davis, son of Mrs. A. J. Davis, W. Elm-st., was solemnized Thursday evening at 8:30 o'clock at the home of the bride's parents, Rev. Samuel Huecker, of the Market Street Presbyterian church, officiated at the ceremony. The couple was attended by Mr. and Mrs. Harry Miller, the latter a sister of the groom.

Following the service, an informal reception for the relatives and friends of the couple was held at the bride's home. Rooms of the Hirsland home were beautifully decorated and a buffet luncheon was served during the evening.

After a short wedding trip, Mr. and Mrs. Davis will be at home to their friends at 916 W. Elm-st.

Mrs. C. S. Zurmehly, W. High-st., entertained the members of the Hawthorne club at her home, Thursday afternoon. In the contests held, Mrs. Howard Napier and Mrs. Harry Zurmehly were successful. Guests of the hostess, other than club members, were Mrs. Zurmehly, Mrs. Joseph Dupere, and Mrs. Clarence Mummaugh. Refreshments were served at 4:30 o'clock.

The next meeting of the club will be on the evening of July 12 at the home of Mrs. R. R. Eucome, W. Wayne-st.

Mr. and Mrs. Philip Flood of Elyria are the guests of Mrs. Flood's sister, Mrs. Frank Makley of N. Washington-st. They will remain until Sunday.

Mrs. H. M. Dille and Mrs. Fred Bradley, entertained at the home of Mrs. Dille, W. Spring-st., Thursday afternoon, in compliment to Mrs. C. A. Rowand and Miss Ruth Beery. Mrs. Rowand, in company with Rev. Rowand, will leave next week for a motor trip to Denver, Colo., and Miss Beery will go to her home in Pleasant Hill for the summer months, next week. Guests enjoyed an informal afternoon, with needlework and chat. Vocal solos were given by Mrs. Charles Black and piano selections given by Mrs. Dille and Miss Nell Kriete. Mary Louise Bradley gave several readings. Miss Mary Dille and Miss Mary Louise Bradley assisted the hostesses in serving a two-course luncheon at 4:30 o'clock.

More than 30 intimate friends of the honored guests enjoyed the afternoon at the Dille home.

Mr. and Mrs. Charles E. Wheeler, 212 N. Pierce-st., have given up their residence and are located at their summer home at Orchard Island. They will remain there during the summer months.

Mrs. Claude Gamble, N. Metcalf-st., entertained the members of the Pleasant Hour club at her home, Thursday afternoon. At the conclusion of the euchre games, Mrs. A. W. Rummel and Mrs. Mar. Frankhart held high scores.

Assisted by Miss Jane Barber, the hostess served a two-course luncheon at 4 o'clock. Guests other than the club members were Mrs. James Gamble, Mrs. Mary Frankhart and Miss Barber.

Mrs. W. N. Flick, W. Elm-st., will entertain the club in two weeks.

Mrs. Abner Jones, W. Spring-st., will receive more than half a hundred guests at a five o'clock tea at the Elks home, Friday afternoon. Tea tables will be laid in the ballroom of the club, with smaller tables surrounding the large one in the center. Crimson rambler roses and larkspur will be used on the tables, while the place cards and nut baskets will be of harmonizing shades.

Those to whom Mrs. Jones extended invitations for tea, Friday afternoon, are: Misses Agnes Peterson, Sly Patterson, Ruth and Gale Parmenter, Martha and Annette Roby, Anna and Violet Bradley, Mildred Jones, Josephine Garretson, Eloise and Frances Lou Cunningham, Margaret and Dorothy Stolzenbach, Helen King, Gertrude Boose, Abigail Sullivan, Margaret Gregg, Ruth Wells, Hope Hollister, Donna Shappell, Katherine Kahle, Margaret Graham, Rosemary Christen, Dorothy and Helen Hunter, Helen Basinger, Elizabeth Douglass, Betty Laughlin, Magdalene Stolzenbach, Mildred Catt, Mary Parmenter, Pauline Wemmer, Marguerite Krein, Pearl Goodwin, Ethel Simpson, Louise Ackerman, Florence Price, Janet White, Jane and Mary Esther Bentley, Catherine Jones, Grace Spellacy of Los Angeles, Gertrude Kahle of Oklahoma City, Mary Turner of Columbus Grove, Mary Jones of Columbus and Alma Meyer of Memphis, Tenn.

Mesdames Ross Papple, Ralph Shriver, Morris Thomas, Thoburn Bowdie, F. C. King, Alleen Kahle Mowen, William Allgire, Carl Neville, Glenn Woodruff, O. V. McMillen, James Enck, J. C. Atkinson, Paul Timmerman, W. C. Bradley of Minneapolis, Donald Mehauffey of Columbus and Russell Thomas of Hamilton.

The following group of people enjoyed a picnic supper at the home of Mr. and Mrs. Guy Kendrick, Shawnee, Thursday evening: Mr. and Mrs. William Noonan and daughters, Jennie Belle and Helen, Mrs. John B. Kerr, Mr. and Mrs. E. H. Hawisher, Mrs. T. J. Edwards, Mrs. Hallie Hoover, Mr. and Mrs. B. Tolian, Miss Mildred Catt, Mr. and Mrs. John Harley, Mr. and Mrs. Ernest Fletcher and son, Ernest, Mr. and Mrs. Perry Collins, Leland and Flora Mary Collins, Mrs. L. H. Hume, Mr. and Mrs. Frank Hume and the host and hostess.

Cards were enjoyed following the supper.

U. S. GIRL TO WED EGYPTIAN PRINCE

Miss Pearl Ginsberg of New York is on her way to Egypt where she is going to marry Prince Mohammed Ali Ibrahim, famous "sporting prince" who visited the United States last year. While he was here spending six weeks and \$60,000 of his \$200,000 income, the prince said he would rather be shot than married. But he evidently changed his mind, for dispatches say he now declares he'll marry Miss Ginsberg whether King Fud of Egypt consents or not.

COPYRIGHTED, 1923

THE RED REDMAYNES

BY ELEN PHILLIPOTT

BEGIN HERE TODAY

Mark Brendon, famous criminal investigator, is taking holiday on Dartmoor. While on his way to Fogginton Quarry, to visit a trout stream, his path is crossed by a girl so beautiful that she holds his attention until she passes out of his sight. Mark continues on his way and sets about his sport.

A big man clad in Norfolk jacket, knickerbockers and a red waistcoat with brass buttons, comes into the quarry and stops to chat with Mark. The stranger's hair and his large pair of mustaches show fiery red in color.

Upon returning home, Mark hears the news of a murder and receives a letter from Jenny Pendean asking him to investigate the mystery of her missing husband.

NOW GO ON WITH THE STORY

Brendon read the letter again, studied its neat calligraphy, and observed that a tear had blotted the middle of the sheet. Once more he said "damn" to himself, dropped his fishing basket and rod, turned up the collar of his mackintosh, and walked to the police station, where he heard a little of the matter in hand from a constable and then asked for permission to use the telephone. In five minutes he was speaking to his own chief at Scotland Yard, and the familiar cockney voice of Inspector Harrison came over the two hundred odd miles that separated the metropolis of convicts from the metropolis of the world.

"Man apparently murdered here, inspector. Chap who is thought to have done it disappeared. Widow wants me to take up case. I'm unwilling to do so; but it looks like duty." So spoke Brendon.

"Right. If it looks like duty, do it. Let me hear again tonight. Half-past, chief at Princetown. Is an old friend of mine. Very good man. Goodbye."

Mark then learned that Inspector Halfway was already at Fogginton.

"I'm on this," said Mark to the constable. "I'll come in again. Tell the inspector to expect me at noon for all details. I'm going to see Mrs. Pendean now."

The policeman saluted. He knew Brendon very well by sight.

The detective nodded. Then he sought No. 3, Station Cottages.

The little row of attached houses ran off at right angles to the high street of Princetown.

Brendon knocked at No. 3 and was admitted by a thin, gray-haired woman who had evidently been shedding tears. He found himself in a little hall decorated with many trophies of fox hunting.

"Do I speak to Mrs. Pendean?" asked Brendon, but the old woman shook her head.

"No sir. I'm Mrs. Edward Gerry, widow of the famous Ned Gerry, for twenty years Huntsman of the Dartmoor Foxhounds. Mr. and Mrs. Pendean were—are—I mean she is my lodger."

"Is she ready to see me?"

"She's a real hard bit, poor lady. What name, sir?"

"Mr. Mark Brendon."

Mrs. Gerry opened a door upon the right hand of the entrance.

The great Mr. Brendon be here. Mrs. Pendean," she said; then Brendon walked in and the widow shut the door behind him.

Jenny Pendean rose from her chair by the table where she was writing letters and Brendon saw the auburn girl of the sunset.

CHAPTER II

The Problem Studied.

As Mark entered the girl rose and saw in his face an astonishment which seemed not much to surprise her, for she was used to admiration and knew that her beauty startled men.

Brendon, though he felt his heart beat quicker at his discovery, but soon had himself in hand. He spoke with tact and sympathy, feeling himself already committed to serve her with all his wit and strength.

"Mrs. Pendean," he said, "I am very glad that you learned I was in Princetown and it will be a privilege to serve you if I can."

"Perhaps it was selfish to ask you in your holidays," she said.

"But, somehow, I felt—"

"Think nothing whatever of that. I hope that what lies before us may not take very long. You will do well to let me know everything bearing upon it that went before this sad affair."

"I can throw no light at all," she said. "It has come like a thunder-bolt and I still find my mind refus-

ing to accept the story that they have brought to me."

"Sit down and give me some account of yourself and Mr. Pendean. You cannot have been married very long."

"Four years."

He showed astonishment.

"I am twenty-five," she explained, "though I'm told I do not look so much as that."

"Indeed not; I should have guessed eighteen. Collect your thoughts now and just give me what of your history and your husband's you think most likely to be of use."

"I'll begin at the beginning," she answered.

"The story of my family is this: John Redmayne lived his life on the Murray River in Victoria, South Australia, and there he made a considerable fortune out of sheep. He married and had a large family. Out of seven sons and five daughters he left them during a period of twenty years, Jenny and John Redmayne only saw five of their children grow into adult health and strength. Four boys lived, the rest died young; thought two were drowned in boating accident and my

JENNY PENDEAN ROSE AND BRENDON SAW THE AUBURN GIRL OF THE SUNSET.

Aunt Mary, their eldest daughter, lived a year after her marriage.

"There remained four sons: Henry, the eldest; Albert, Bendigo, and Robert, the youngest of the family, now a man of thirty-five. It is he you are seeking in this awful thing that is thought to have happened."

"Henry Redmayne was his father's representative in England and a wool broker on his own account. He married and had one daughter; myself. I remember my parents very well, for I was fifteen and at school when they died. They were on their way to Australia, so that my father might see his father and mother again after the lapse of many years. But their ship, the Watlie Blossom, was lost with all hands and I became an orphan."

"John Redmayne, my grandfather, though a rich man, was a great believer in work, and all his sons had to find occupation and justify their lives in his eyes. Uncle Albert, who was only a year younger than my father, cared for studious subjects and literature. He was apprenticed in youth to a bookseller at Sydney and after a time came to England, joined a large and important firm of booksellers, and became an expert. They took him into partnership and he traveled for them and spent some years in New York. But his special subject was Italian Renaissance literature and his joy was Italy, where he now lives. He found himself in a position to retire about ten years ago, being a bachelor with modest requirements. He knew, moreover, that his father must soon pass away and, as his mother was already dead, he stood in a position to count

upon a share of the large fortune to be divided presently between himself and his two remaining brothers."

"Of these my Uncle Bendigo Redmayne was a sailor in the merchant marine. After reaching the position of a captain in the Royal Mail Steamship Company he retired on my grandfather's death, four years ago. But the sea is his devotion, and when he was able to do so, he built himself a little house on the Devon cliffs, where now he resides within sound of the waves."

"My third uncle, Robert Redmayne, is at this moment apparently suspected of having killed my husband; but the more I think of such a hideous situation, the less possible does it appear."

Robert Redmayne in youth was his father's favorite and if he spoiled any of his sons he spoiled the youngest. Uncle Robert came to England and being fond of cat-tle breeding and agriculture, joined a farmer, the brother of an Australian friend of John Redmayne's. He was supposed to be getting on well, but he came and went, for my grandfather did not like a year to pass without a sight of him."

"After the death of my own father I saw a little of Uncle Robert from time to time, for he was kind to me and liked me to be with him in his holidays."

"It was summertime and I was stopping with my Uncle Robert at Penzance when two great things—indeed three great things—happened. The war broke out, my grandfather died in Australia and, lastly, I became engaged to Michael Pendean."

"I had loved Michael devotedly for a year before he asked me to marry him. But when I told my Uncle Robert what had happened he chose to disapprove and considered that I had made a serious mistake. My future husband's parents were dead. His father had been the head of a firm called Pendean &

Trecarrow, whose business was the importation of pilchards to Italy. But Michael, though he had now succeeded his father in the business, took no interest in it. It gave him an income, but his own interests were in a mechanical direction."

"On the death of my grandfather it was found that he had written a peculiar will; and we also learned that his fortune would prove considerably smaller than his sons expected. However, he left rather more than one hundred and fifty thousand."

"The terms of the will put all his fortune into the power of my Uncle Albert, my grandfather's eldest living son. He told Uncle Albert to divide the total proceeds of the estate between himself and his two

brothers as his judgment should dictate, for he knew that Albert was a man of scrupulous honor and would do justly by all. With regard to me, he directed my uncle to set aside twenty thousand pounds, to be given me on my marriage, or, failing that, on my twenty-fifth birthday. In the meantime I was to be taken care of by my uncles; and he added that my future husband, if he appeared, must be approved of by Uncle Albert."

"Though jarred to find he would receive far less than he had hoped, Uncle Robert was soon in a good temper, for their elder brother informed Uncle Bob and Uncle Bendigo that he should divide the fortune into three equal parts—between himself and his two

brothers as his judgment should dictate, for he knew that Albert was a man of scrupulous honor and would do justly by all. With regard to me, he directed my uncle to set aside twenty thousand pounds, to be given me on my marriage, or, failing that, on my twenty-fifth birthday. In the meantime I was to be taken care of by my uncles; and he added that my future husband, if he appeared, must be approved of by Uncle Albert."

In the meantime I was to be taken care of by my uncles; and he added that my future husband, if he appeared, must be approved of by Uncle Albert."

"Though jarred to find he would receive far less than he had hoped, Uncle Robert was soon in a good temper, for their elder brother informed Uncle Bob and Uncle Bendigo that he should divide the fortune into three equal parts—between himself and his two

brothers as his judgment should dictate, for he knew that Albert was a man of scrupulous honor and would do justly by all. With regard to me, he directed my uncle to set aside twenty thousand pounds, to be given me on my marriage, or, failing that, on my twenty-fifth birthday. In the meantime I was to be taken care of by my uncles; and he added that my future husband, if he appeared, must be approved of by Uncle Albert."

WAGES BOOSTED BY ELECTRICITY

Forbes Explains Why U. S. Workers Get Highest Pay

DUE TO USE OF MACHINERY

American Toolers Backed By Labor Saving Devices

(BY B. C. FORBES)

NEW YORK — (Special)—Why is America able to pay the highest wages of any country in the world? In one sentence, because we employ more labor saving machinery and other devices than any other country in the world.

Back of every wage earner in the United States is three and one quarter horse power of electric, steam, internal combustion engines, and water power.

England has only about half as much horse power per man and pays only about half as high wages as are paid here.

Japan has only about one-fourth our horsepower per man, and the wages are about one quarter the American standard.

Without this enormous advantage in mechanical horse power, America couldn't possibly pay wages so much higher than are paid in these and other countries.

We have harnessed, thru electricity, and mechanical power, approximately thirty million horse power.

Happily, the amount of horsepower per worker has been and still is increasing in this country.

The next figures will, when available, show a very marked increase, because the phenomenal rise in wages during recent years has kept stimulated the installation of labor saving machinery. The need for extending the use of labor saving devices was never greater than it is today. All indications are that this need will become distinctly more pronounced when our harvesting season arrives.

The most notable growth has been, of course, in the harnessing of electric power. In 1889 it represented only 5 per cent of our total horsepower, whereas by 1919 it represented 56 per cent, and must now be materially greater.

Romance is not dead in the practical world of affairs. Plans conceived for the nation-wide generation and distribution of electric power contain the fascination of the most stirring romance. One man who has been prominently connected with the wonderful hydro-electric engineering achievements of the Erie Gas and Electric Company Frank G. Baum, threw himself into the gigantic task several years ago of planning the ideal system for developing and utilizing America's power resources, and he has completed the work and summarized it in one of the most imaginative books imaginable, under the title "Atlas of U. S. A. Electric Power Industry, outlining regional

electric power districts and proposed constant-potential transmission system for the U. S. A." I had lunch with Mr. Baum one day this week and with a glance of his face I knew he was an engineer for several big construction jobs, and one remark made by the latter was, "Mr. Baum is the only engineer I ever employed who always came within 10 per cent of his cost estimate and also within 10 per cent of his time estimate."

Once he launched upon his voluntarily undertaken task he began to work out such valuable, practical plans that both the Westinghouse and the General Electric people offered him every assistance and co-operation within their power.

Briefly, Mr. Baum has mapped out a plan which would divide the country into twelve regional districts, a la the Federal Reserve, and furnish power from the most conveniently located hydro-electric and steam plants for all purposes, transportation, industrial, mining, agricultural, etc., each regional district being linked up with other regional districts, thus making surplus power generated in one district available for other districts not so abundantly supplied.

Incidentally Mr. Baum says it is now as foolish to ask the question, "How far can electric power be transmitted?" as it would be to ask the question, "How far can you build a railroad?" That is something you and I probably did not know before.

Think of what it would mean for our farmers in every state of the Union to have at their instant and constant command unlimited electric power. Think how it would facilitate the dotting of the whole land with small or large industries if electric energy were universally available at low cost. Think what it would mean in relieving human beings of hard manual tasks on farms in, mines, in factories. Think what it would mean to this country to free hundreds of thousands of common laborers and other workers for work requiring less physical and more skillful effort.

Think, too, what the accomplishment of this plan, declared by practical men as entirely feasible, would do in the way of providing America with super power facilities for coping with international competition in the markets of the world.

I shall attempt, in a later column, to outline this appealing plan and shall quote some of Mr. Baum's thought-stirring statements. (Cop. right, 1923.)

LITTLE MOTHER HAPPY AGAIN

"For the past nine years I have been very much distressed with bloating and stomach trouble due to constipation since I was a child. No medicine gave me more than temporary relief. I got so bad I was afraid I would have to leave my three little children. But since taking a course of Mayr's Wonderful Remedy two years ago I have been entirely well; no constipation or other trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Snowfall!
But it fell out west.
And we have baseball weather.
First playground meet here Thursday.
Youthful athlete was one of big stars.
He'll be one of Central's stars someday.

BENNIE LEONARD, lightweight champion, started a row with Tex Rickard Thursday when he signed to fight Low Tandler on July 23. Tex contends that Bennie must fight Charlie White before he fights anyone else, under a contract signed in 1922. Looks like someday there might be a champion fighter sign up for a bout and fight it without everyone else raising a fuss about it. Champs fight so seldom nowadays, they should be allowed to fight when they get into the notion.

HELEN CONDON, broke two mid-western A. A. U. tank records in Omaha Thursday night. She negotiated the senior 50-yard backstroke in 42 seconds flat and the same breast stroke race in 32 seconds.

NORTHWESTERN university's crack athletes, Hilding Hagren, will run under Chicago A. A. colors Saturday in the 440 yard invitational run, a feature of the Illinois A. C. carnival for the benefit of the Mooseheart memorial gymnasium.

MILTON ROMNEY, former Chicago university football and basketball star, has resigned as coach of the two sports at Texas University, to enter business in Chicago.

FRED HARRY'S Happy Man, at 7 to 4, won the Gold Cup of 500 pounds with 3,500 pounds added.

ROLIE WILLIAMS, great Wisconsin athlete, has arrived to become athletic director of Millikin university.

VINCENT RICHARDS and Francis T. Hunter, Americans, went into the semi-finals of the London tennis championship. They also advanced in the doubles match.

TOMMY JONES, former major league first sacker, died in a hospital at Danville, Pa., Thursday. He played with the Baltimore, St. Louis and Detroit teams in the American league and the Milwaukee A. A. nine.

TWO RECRUITS, Clarence "Heinie" Mueller and Joe Schultz, outfielders, who were released to the Houston club of the Texas league, have been recalled by the St. Louis Cardinals.

MERCHANT DIES

COLUMBUS — James H. Burns, 60, merchant tailor and brother of William J. Burns, chief of the division of investigation in the United States department of justice died here of apoplexy.

ROTARY NINE DEFEATS KIWANIS AGGREGATION Takes Lead Early In Game

One of those comic sort of ball games filled with errors and funny playing was pulled out at Murphy-at park Thursday afternoon when the Kiwanis fell before the terrific onslaught of the Rotarian team, losing by a score of 14 to 2 runs.

The assemblage of men in baseball suits throwing the ball around the lot made up anything but a baseball game. Errors were the main diversion of the day and they came in large and flowing numbers.

The Kiwanis team was utterly helpless before the Rotarian. Time and again they tried to ring up a score and altho they succeeded in tallying twice they were never dangerous.

In the second inning the Rotarians started the funny stuff by rolling up six runs. They could connect for only two hits but errors and three free passes helped to put the runs across. In the next inning they made a score and the Kiwanis came back taking a run into their side of the ledger.

The fourth inning witnessed another wild streak by the Rotarians. In this frame they rang up four more runs. Exactly two singles were credited to them but the bungles again boosted them along. Three more runs in the fifth brought the total to 14 and the Kiwanis ended scoring by pushing across a tally in the fifth.

Bowden, Kiwanis hurler, pitched a good game allowing but five hits. However the rugged support was his downfall. Waller pitching for the Rotarians, allowed three hits and struck nine Kiwanians out.

Score:
Rotary 14, Kiwanis 2.
Innings: 1, 2, 3, 4, 5, 6, 7, 8, 9.
Runs: 6, 0, 0, 0, 0, 0, 0, 0, 0.
Hits: 2, 0, 0, 0, 0, 0, 0, 0, 0.
Errors: 1, 0, 0, 0, 0, 0, 0, 0, 0.

ROTARY
Waller, 2b; 3b; 1b; 1b; 1b; 1b; 1b; 1b; 1b.
Bowden, p.
Totals: 14 runs, 2 hits, 0 errors.

KIWANIS
Bowden, p.
Totals: 2 runs, 14 hits, 0 errors.

Summary: Two base hits, Clark. Double plays, Pierce to Clark to Jackson (2). Struck out, by Waller, 3; by Bowden 5. Bases on balls, off Waller 1; Bowden 5. Umpire, Goodrich. Score: 14-2.

Leads Of Top Place Teams Cut Down

Scenes again are about to be shifted in the two major leagues, the eastern National League clubs having finished their current western travels and the western teams of the American being about ready to wind up their eastern invasions.

The west on the whole has done the best. The leads of both New York clubs have been cut, Brooklyn has been battered into the second division, and Philadelphia has failed to take advantage of its opportunities and usurp the Yankees.

The Giants won five of 14 games and their margin was cut from 10 to 3 1-2 games.

In the next series, New York takes on Boston Friday and then Philadelphia comes along, both stopping in Brooklyn while there.

The Pirates managed to hold on by defeating Boston 2 to 1. Possession of fourth place went definitely to Chicago, which again defeated St. Louis 4 to 0 making it four straight losses for the Cardinals.

Two American League clubs to benefit more than expected in the last swing were Washington and Chicago—the Senators at home and the White Sox on the road. The White Sox again trounced Philadelphia, 6 to 1, while Washington kept Cleveland from taking advantage of the opportunity that created, 6 to 3.

St. Louis beat Boston in the other game, 3 to 1.

AMERICAN LEAGUE

Bob Kuhn Stars In Playground Meet Here

Bob Kuhn, Central Hi freshman, carried away the honors in the first Junior Track meet of the season, when he rang up 25 points. His nearest competitor was John Boose, who had a total of 21 1-2 points.

Coon made four first places and two seconds. His first places were in the 50 yard dash, high jump (tied for first), 50 yard hurdle race and broad jump.

Much interest was shown in the meet and it is expected that several more meets will be held in the near future. First places in Thursday's meet will count as records until broken.

In the Class B meet Siferd won with a total of 18 points. McQuire was second with 13 points.

Summary:
Class B (under 90 lbs.)
50 Yard Dash: Siferd, first; Leach, second; Thomas, third. Time — 6 seconds. Broad Jump: Johnson, first; Hobbs, second; Perry, third. Distance — 12 ft. 8 in. Baseball Throw: McQuire, first; Hobbs, second; Siferd, third. 175 ft. 2 inches. High Jump: Siferd, first; McQuire, second; Thomas and Morris tied for 3 ft. 7 in. third. Wheel Barrow Race: McQuire and Morris, first; Thomas and Siferd, second; Siferd and Wrigley, third. Relay Race: Hobbs and Siferd, first; Thomas and Wrigley, second; Perry and Leach, third.

Class A (90-125 pounds)
50 Yard Dash: Luhn, first; Roberts, second; S. Roberts, third. 7 seconds. High Jump: Kuhn and Roberts tied for first. Boose and Binkley tied for third. Distance 4 feet and 4 inches. Broad Jump: Kuhn, first; second: W. Roberts, third. Distance 13 ft. 6 in. Base Ball Throw: Boose, first; Hupp, second; Wrigley, third. 195 feet. 8 in. 50 Yard Hurdle Race: Kuhn, first; Boose, second; Roberts, third. Time, 9 seconds. Javelin Throw: Boose, first; Kuhn, second; Roberts, third. Distance 75 ft. 7 in. Shot put: Boose, first; Kuhn, second; Roberts, third. Distance, 25 feet. Officials: Referee, Theibert; Starter, Strayer; Judges, Cohn, Wrigley and Farrell; Timer, Farrell.

NEW RECORD FOR LONG GOLF MATCH
SAN ANTONIO Texas — Setting a new world's record for marathon golf here with a total of 238 holes, Nick J. Morris, 21 year old amateur golfer made his last putt at 8:10 p. m., after 15 hours and 15 minutes of play. He averaged 89 7-13 for the 13 rounds and played the additional four holes in 20. Morris used only four clubs, a driver, midiron, mashie and putter. Bran \$1.80 per cwt. at City Feed Store.

Final Match Of State Meet On
COLUMBUS — Mrs. Curtis Sohl of Columbus and Miss Louise Fordyce of Youngstown, met in the final round of the Ohio women's Golf championship tournament here Friday. Miss Fordyce is the present woman's state champion. Mrs. Sohl won the title in 1921. Miss Fordyce defeating her last year for the 1922 title. When the pair teed off in the morning there was little to choose between the two and it was said a close match was expected.

HELD TO GRAND JURY
SPRINGFIELD — Charged with arson in connection with two recent fires at the plant of the Victor Products Company, William F. Nitt, secretary and general manager, was bound over to the grand jury at a preliminary hearing.

Summary: Two base hits, Clark. Double plays, Pierce to Clark to Jackson (2). Struck out, by Waller, 3; by Bowden 5. Bases on balls, off Waller 1; Bowden 5. Umpire, Goodrich. Score: 14-2.

IN FIGHT CAMPS
GREAT FALLS, Mont. — After a day's rest, Jack Dempsey will resume his training today in preparation for the defense of his title against Tommy Gibbons at Shelby, July 4. Jack Kearns, manager of the heavy weight champion, said that Dempsey probably would work without interruption until three days before the contest when he will do only light training to keep in condition.

There was no workout at the champion's camp yesterday, due to the violent hail storm.

SHELBY, Mont. — Tommy Gibbons took three sparring partners over a rough trail in his training yesterday. None of them was spared. Against Jimmy Delaney and Bud Gorman, the heavy men in his conditioning corps, he showed plenty of speed and hitting ability. Sharp hooks and body punches from the challenger found their mark time after time.

George Manley, a rather skillful and hard hitting Denver middleweight took his first turn with Gibbons after Delaney and Gorman departed.

The hard, durable surfaces of kitchen, pantry and laundry floors painted with Hoozier Floor Enamel clean almost as easily as tile. Hoozier Paint Store, No. 115 No. Elizabeth Street.

Russian System Is To Be Tried Out

CLEVELAND — The Russian system of starting will be tried out during the Ohio short ship harness races at the new Cranwood track here next week, it was announced by Manager Frank Woodland. The system, it is believed, will save time by eliminating much scoring and will result in better racing with the saving of stamina in horses.

Under the system the horses go to the post the wrong way of the track in two files on opposite sides of the track. At the starting line the horses wheel out of each line into their positions and score for the word.

Manager Woodland plans to open the new track Monday with Sanardo, the famous pacer, performing in the first official mile.

Sanardo will attempt to lower his world's mark of 2.02 for pacing geldings over a half mile track, established at Canton Thursday.

\$7,000,000 LOST IN CRASH

Stockholders of Cleveland Discount Co. Hit

AUDITOR'S REPORT MADE

Receiver's Statement Shows Firm Solvent, However

CLEVELAND — (Associated Press) — Stockholders of the Cleveland Discount Co. will lose approximately \$7,234,823, it is indicated in a statement issued by Receiver William L. David and Gardner Abbott, who have made public the long awaited auditor's report. Auditors of the company started before Joseph Kirby, founder of the company resigned as its president on February 15. The company went into receivership February 22.

A summary of the auditor's report shows that the company is solvent but that the common stock is worthless and that the value of the \$7,234,823 preferred stock is "extremely problematical" according to the receiver's statement.

From the audit it appears that the assets of the company are in excess of the liabilities by approximately \$2,331,000 after setting up reserves against losses of approxi-

imately \$3,240,180," the receiver's statement says. "These reserves were set up to take care of losses which are known or can be actually expected, and after setting up reserves against unearned discounts amounting to about \$1,716,870. "No reserves were set up against assets secured by real estate, upon which no reserve could be adequately stated without appraisal. "The receivers believe that the remaining capital should be sufficient to take care of what additional losses may occur in the realization of these assets. The common stock, however, is wiped out and the value of the preferred is extremely problematical. "It is outside of the scope of our duties to advise the holders of securities with respect to their disposition, nor have the receivers, nor any one connected with them had any connection with such purchases. It is, however, proper to state that the holders of bonds, interests and claims should not act hastily, but deliberately, in view of the information given herewith, if they decide to dispose of their securities" the statement continues.

STOCKS AGAIN ON UPWARD SWING

Advance Is Accelerated By Short Covering

MARKET STRONG AT CLOSE

Trading Featured By Equipments, Sugars and Rails

LIBERTY BONDS	
First 4 1/2's	\$101.28
Second 4 1/2's	98.12
Third 4 1/2's	98.20
Fourth 4 1/2's	98.14
New 4 1/2's	99.25

NEW YORK — With public confidence apparently restored by evidence of powerful banking support extended to yesterday's market, buying orders were numerous at the opening of today's stock market, initial prices in some instances being one or two points above the final quotations yesterday. Dividend paying stocks were the best gainers, especially the high grade shares.

Related covering by short interests and an increased demand from commission houses carried the market substantially higher in the early trading. New York Airbrake, Tube Cane Sugar preferred and steel and Tube preferred improved two points. National Cloak and Suit was 1 3/4 higher and Union Pacific, New York Central, Canadian Pacific, Norfolk and Western, Baltimore and Ohio, Pan-American, Pressed Steel Car, Central Leather, American Ice and May Department Stores 1 to 1 1/2. Foreign exchanges opened irregular. Demand for dollars was stronger at \$4.61 1/2. French francs declined 1 1/2 points to 6.17 1/2 and German marks were unchanged at 3.907 3/8 cent. Under the influence of a thoroughly liquidated market and a large short interest still outstanding, operators for the long account experienced little difficulty in pushing up prices substantially during the morning. Shares which bore the brunt of the recent depressions naturally made the better gains but advances of one to four points were well distributed over the entire list. Equipments, sugars, coppers and representative railroad shares were conspicuously strong. Call money opened at 5 per cent.

Continuation of strong buying support by banking interests and insiders brought about another sharp rally in today's stock market. Short covering accelerated the advance in many stocks. Sales approximated 725,000 shares.

The closing was strong.

30 OHIOANS ARE WEATHER VICTIMS

(Continued From Page One)

factories and schools generally in the eastern states.

30 DEAD IN OHIO

COLUMBUS — (Associated Press) — Ohio today was still held in the grip of a hot wave which has taken a toll of 30 lives since Monday. Numerous prostrations have been reported. Relief in the form of rains may come tonight or tomorrow or early next week, in the opinion of local weather bureau attaches.

Eight deaths in the state yesterday were charged to the torrid weather, thermometers in some sections registering as high as 97, the year's maximum.

Yesterday's victims were:

John Miller, 52, Youngstown, heat prostration.

Two year old son of Mr. and Mrs. John Lebar, Cleveland, heat prostration.

Mrs. Helen Warren, Cleveland, had been ill, death attributed to heat.

Charles White, negro, Portsmouth, heat prostration.

Esther Dudgeon, nine, Mt. Vernon, drowned.

Nick Doeky, seven, Martin's Ferry, drowned.

John Haeker, 60, Sandusky, believed to have been overcome and drowned when he fell into Sandusky Bay.

Graver Freet, 28, Uppd Sandusky, committed suicide while mentally deranged due to heat, it is thought.

OHIO INCORPORATIONS

Gilt Manufacturing Company, Cincinnati, \$500; William J. Lippincott, Charles P. Taft.

MUTT AND JEFF—IT LOOKED LIKE AN AUTOMOBILE ACCIDENT TO THE DOC.

—BY BUD FISH

BRINGING UP FATHER—

By McMANU

SHORT SHAVINGS

A. J. Sherrick, S. Elizabeth-st. tells about a youngster in a home in his neighborhood who had been ill and the doctor used a spoon to depress his tongue for an examination of his throat.

When a doggie playmate of the little chap became ill from eating pineapple, the child suggested getting a trace of envy, that he should be. After holding the dog's paw for a few moments, he remarked, "Doggie got no fever."

Dr. J. Schilling, eminent weather prophet of Norwalk, has predicted the winter weather accurately for 37 years (with only one miss).

Rival prophets who cannot boast so good a record say, with possibly a trace of envy, that he should be able to keep up his record if he continues to play as safe as he does this year in predicting "a winter of sudden changes."

Paul Landis, city solicitor, stopped at a friend's apartment and found him standing in the hall.

"I lighted something that I was told would drive the ants from my kitchen," he explained to Landis. "I don't know what effect it had on the ants, but it drove me out and the smoke inside is so thick I can't go back."

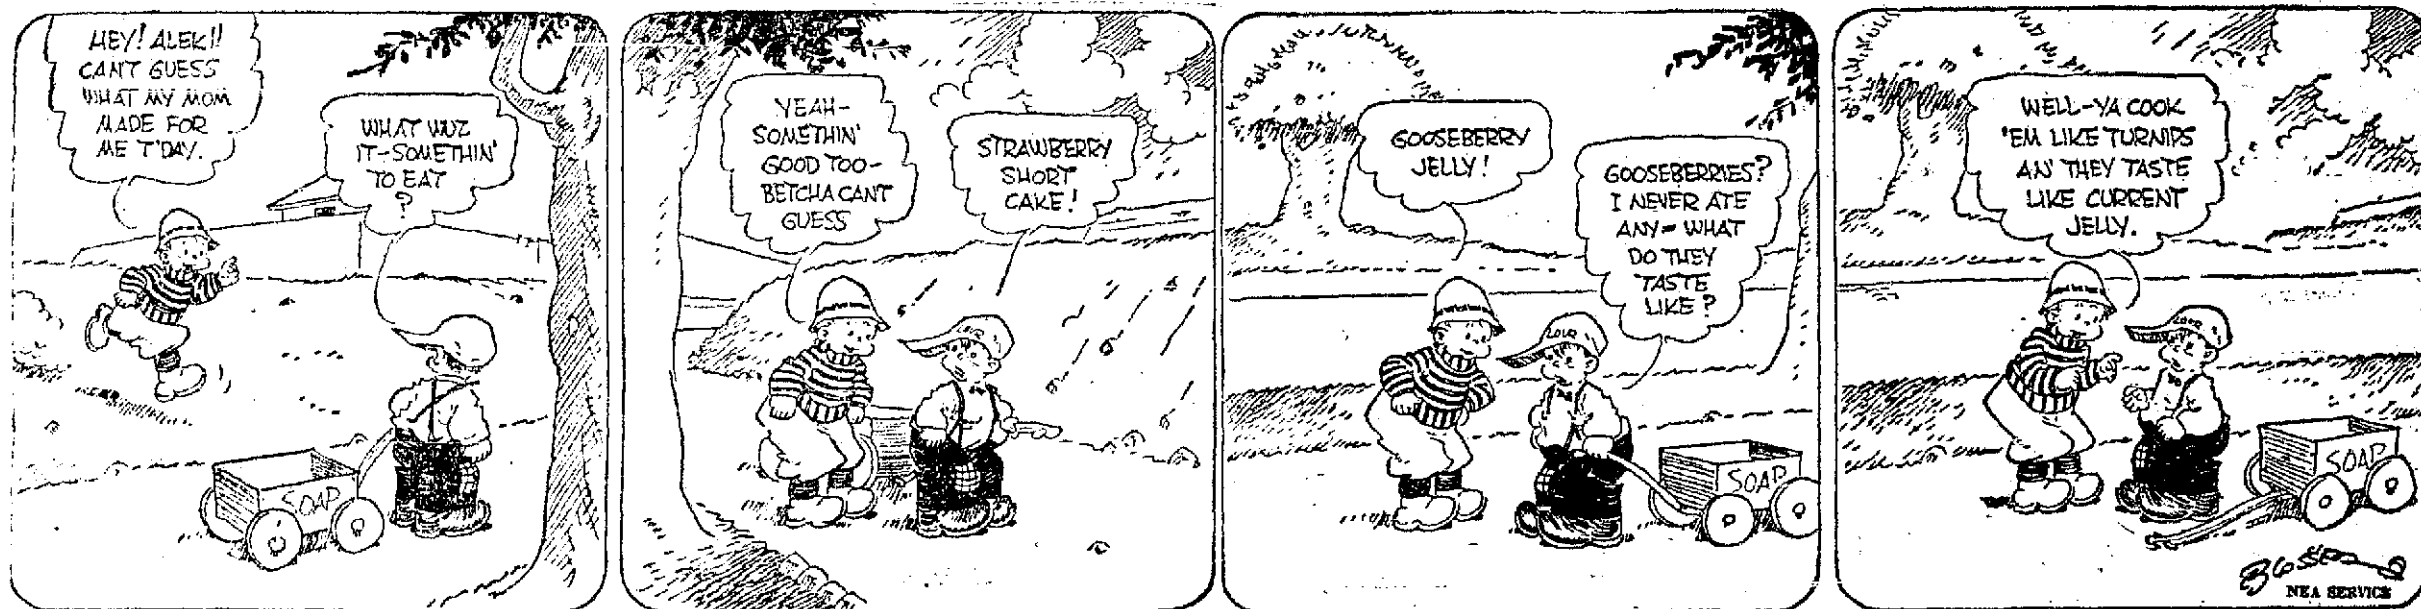

F. A. Frohase, contractor, bought a paper from a youngster who was weeping against a downtown building.

"You'll never sell papers that way," he told the boy. "Get out and shout 'em with a smile on your face. It's the smile that wins. I'm coming back this way in a few minutes. You tell me then if my way isn't best."

When he came back, the youngster, with one paper under his arm, was weeping again. He explained,

FRECKLES AND HIS FRIENDS—WILLIE MAKES IT CLEAR.

—BY BLOSSE

"I sell more of them this way and get more for them, too."

Nelson Shook, exalted ruler of the Elks and prominent Rotarian, came downtown dressed to perfection, looking the picture of comfort as far as the weather would permit.

"Where are you going?" asked a friend. "Rotary luncheon," said Shook.

"Some don't, eh?" said the friend. "But you're a day late. The luncheon was yesterday."

Ivan Rinabarger, linotype operator, S. Elizabeth-st, painted the floor of a room in his home, a friend relates.

He was careful not to paint himself into a corner like some other amateurs he had heard about. But when he finished he found he couldn't turn off the electric light without walking back across the paint and he had to let it burn until the paint dried.

Samuel Brauneller, farmer in

Eagle-tp, Hancock-co, and who is also a naturalist, has the oldest barn in use in that county. He himself is 75.

Near the barn is an oak stump. Brauneller pointed it out recently to visitors as "the mute relic of a tree that was killed by the poison of a hoop snake."

"The hoop snake, rolling like a hoop, made a dash for Brauneller, he explains.

He sidestepped. The hoop snake rolled past, struck the tree and buried its fangs in it.

"Some persons deny the existence of the hoop snake," says Brauneller. "But there's the stump."

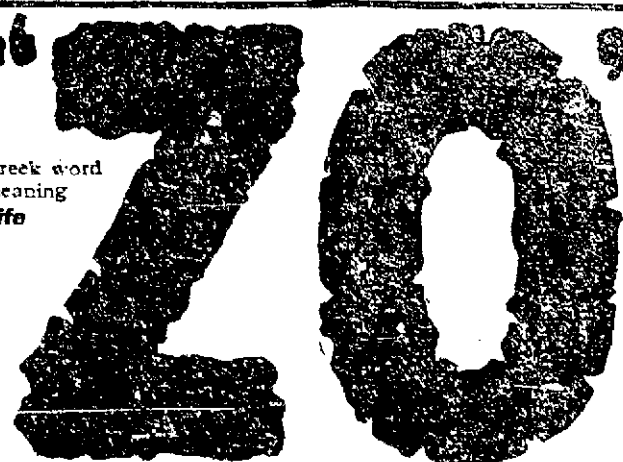

"However," the former naturalist added, "it's been quite a time since I saw a hoop snake in Eagle-tp."
